

Sea Divers Hunt Clues In Crash Which Killed 84

NEW YORK (AP) — Navy divers searched 75 feet beneath the Atlantic Ocean today for clues to the puzzle of why a giant airliner plunged 84 persons to their death.

Ten bodies and some debris were recovered by nightfall Tuesday in the hunt for the Eastern Air Lines plane which crashed Monday night eight miles off Jones Beach.

Aviation experts and investigators feel recovery of the fuselage is the main hope for answering the riddle.

Divers used sonar detection equipment to probe for the main section of Eastern's four-engine, propeller-driven craft. Once the hulk is found, Civil Aeronautics Board officials feel it can be brought up with giant grappling hooks.

Death Dive Watched

Cables dragged the bottom of the sea without success.

Crews of three other planes approaching or departing Kennedy International Airport reported witnessing the death dive of the plane from 3,700 feet — five minutes after a normal takeoff. The plane, originating in Boston, was bound for Atlanta, with stops scheduled at

British Labor Party Saved By Five Votes

LONDON (AP) — The Labor government has narrowly survived a Conservative challenge to its decision to step up purchase of U.S. planes for the Royal Air Force.

Prime Minister Harold Wilson's government beat back a Conservative attempt to unseat it Tuesday night, but by only five votes, 306-301, as the Liberals added their nine votes to the Conservative censure motion.

In answer to opposition charges, Aviation Minister Roy Jenkins said, "Whether we like it or not, the all-British plane is out." He then included all advanced weapons systems as production.

"We are at the end of the road so far as the exclusive British manufacture of complicated weapons systems for an exclusive British market is concerned," Jenkins said.

Jenkins announced a program of collaboration with the United States and Britain's European allies.

He said the program has been developed with British government funds. Industry sources said some American money and know-how may be added.

Weather

By The Associated Press

Upper Peninsula — Hazardous driving warning this afternoon. Snow with accumulations of 2 to 4 inches and locally higher near Lake Superior, windy and cold this afternoon. Winds 30 to 40 m.p.h. will cause considerable blowing and drifting snow this afternoon. Snow flurries, diminishing winds and colder tonight. Thursday partly cloudy and cold. Lows tonight 5 to 15. Highs Thursday in the 20s.

Lower Michigan — Mostly cloudy, windy and mild this afternoon but turning colder late this afternoon and evening. Mostly cloudy with snow flurries mainly near Lake Michigan, diminishing winds and colder tonight. Thursday partly cloudy and colder with a chance of snow in the southwest portion in the afternoon or evening. Lows tonight 8 to 15 north, 15 to 25 south. Highs Thursday in the 20s north, 25 to 32 south.

The sun sets today at 6:07 p. m., and rises Thursday at 7:59 a. m.

Action Speeded To End Costly Dock Walkout

GALVESTON, Tex. (AP) — All-out negotiations — to be held around the clock if necessary — were being resumed today in an effort to end the month-long West Gulf Coast dock strike.

A settlement here could lead to an early return to work by longshoremen from Maine to Texas, said Thomas W. Gleason, president of the International Longshoremen's Association.

The strike, in its 31st day, has cost the nation's economy an estimated \$6 billion and has idled 190,000 workers, including 60,000 longshoremen.

In advance of the renewed talks here, the Baltimore Sun reported that President Johnson would name an upper-echelon panel today in an effort to end the shutdown in ports on the Atlantic and Gulf Coasts. President John F. Kennedy acted similarly to halt a 34-day dock strike in 1963.

The New Orleans Steamship Association appealed for presidential intervention in a telegram to Johnson Tuesday night. This group lodged charges of unfair labor practices against the longshore unions with the National Labor Relations Board the day before.

James Reynolds, assistant secretary of labor, scheduled an afternoon meeting with union officials and shippers.

He proposed to "keep them going until there is a settlement."

Johnson Backed By Sen. Dirksen, Friendly Foe

WASHINGTON (AP) — President Johnson is finding in an old but friendly foe, Senate Republican Leader Everett M. Dirksen, just about his staunchest congressional supporter for the course he has taken in Viet Nam.

While some leading Democrats have been silent or cautious in their comments, Dirksen has put himself squarely behind the President. Dirksen says a "dominant majority" of Senate Republicans also back Johnson's stand.

It wasn't until Tuesday that Sen. J. W. Fulbright, chairman of the Senate Foreign Relations Committee, volunteered public support for the President's policy of retaliating on North Viet

War Wounded Arrive In U. S.

TRAVIS AIR FORCE BASE, Calif. (AP) — The first 27 of the more than 100 American soldiers wounded in last weekend's Viet Cong sneak attack in South Viet Nam, arrived here Tuesday night in an airlift shrouded by secrecy.

Thirty-nine persons, including the 27 wounded and 12 non-casualties, were aboard an Air Force C-135 "Flying Ambulance" which first landed at San Francisco International Airport, then was ordered to fly on to Travis after some of the less serious casualties had left the plane.

White-jacketed hospital corpsmen tending the wounded said some of them "have had very little medical care before arriving here."

The Air Force said it had "no information" on any further airlifts of GIs wounded in Viet Nam.

Funds Requested For Projects At Peninsula Bases

WASHINGTON (AP) — The Defense Department asked Congress Tuesday to authorize \$499,000 for military construction projects at four Air Force bases in Michigan.

Proposed Michigan projects include \$189,000 for operational, supply and community facilities at Kicheloe AFB, Sault Ste. Marie; \$148,000 for supply and operational facilities at K. I. Sawyer Municipal Airport, Marquette; \$117,000 for operational and maintenance and production facilities at Selfridge AFB, Mount Clemens; and \$45,000 for operational facilities at Wurtsmith AFB, Oscoda.

Wind, Snow And Sleet Storms Hit 40 States

McDonald Has Slim Lead In USW Election

PITTSBURGH (AP) — United Steelworkers President David J. McDonald appeared to hold a slight lead today in unofficial election returns as he fought his top lieutenant for control of the nation's third-largest union.

The unofficial returns from 1,812 of 3,092 locals gave McDonald, colorful drama school graduate and protégé of the union's founder, 134,896 votes to 125,056 for I. W. Abel, former millhand who has helped McDonald guide the union for the past 12 years.

The unofficial returns were gathered by The Associated Press from the 29 USW districts in this country and Canada.

They varied from totals reported by McDonald headquarters in Pittsburgh and Abel headquarters in Chicago in which each had their man ahead.

McDonald forces reported 127,742 votes for their man to 92,248 for Abel with 1,399 locals in.

In Chicago, the Abel camp claimed 1,310 locals had given Abel 120,398 votes to 82,135 for McDonald.

The discrepancy between the two camps apparently showed that each was getting faster returns from favorable locals.

Most of the locals reporting appeared to be small ones. Some of the larger locals did not start their count Tuesday night.

In Chicago, Joseph Germano, director of District 31 and Abel's campaign manager, claimed victory.

ABEL FAVORED

DETROIT (AP) — Challenger I. W. Abel held a 2-to-1 lead over United Steelworkers President David J. McDonald today in unofficial Lower Michigan and northern Ohio election returns.

The unofficial returns from District 29, which includes 69 Michigan and Ohio locals, gave Abel 8,347 votes and McDonald 4,161.

Workers at the Detroit area's Great Lakes Steel Corp., McLouth Steel Corp. and Jones & Laughlin Steel Corp. voted heavily in favor of Abel.

Today's Chuckle

Some of the world's greatest deeds have been accomplished by two types of men — those who were smart enough to know it could be done, and those too dumb to know it couldn't.

LUDINGTON ST. and 7th St. reflect a dull and dripping sky today as the Escanaba area and much of the Midwest experiences hazardous highway conditions caused by freezing rainfall. Catchbasins are frozen with winter's snow-melt and there's no place for the water to run off so it waits for a freeze to further complicate street maintenance. (Daily Press Photo) (Story on Page 3)

Soviets To Help North Viet Nam

MOSCOW (AP) — Soviet Premier Alexei N. Kosygin promised to give Communist North Viet Nam military assistance, then flew today to Peking and immediately went into conference with Communist Chinese premier Chou En-lai.

Kosygin was greeted at the Peking airport on his arrival from a four-day visit in Hanoi by Chou and Chinese Foreign Minister Chen Yi, the Soviet news agency Tass reported from Peking.

"Chou En-lai accompanied the Soviet delegates from the airport to their residence," Tass said. Kosygin had also met with the Communist Chinese leaders

Luci Johnson, 17, Brings 70 Girls To White House

WASHINGTON (AP) — The senior class at the National Cathedral School for Girls went to the home of one of their classmates Tuesday — and it was a big event.

Luci Johnson, 17, the President's daughter, brought 70 girls to the White House as part of their study of American history. James Ketcham, the White House curator, provided the narrative. Mrs. Johnson greeted the girls.

Jury Indicts Mayor Hubbard

DETROIT (AP) — Mayor Orville Hubbard of suburban Dearborn was indicted Tuesday by a federal grand jury on charges stemming from a 1963 Labor Day racial demonstration in his predominantly white city of 112,007.

The indictment accuses Hubbard of failing in his public duty to prevent both the "wanton destruction" of property and violation of state criminal laws.

Hubbard is the third Dearborn official to be indicted on such charges. Public Safety Director George W. Lewis and Police Chief Garrison Clayton were indicted in December and are free under \$1,000 bonds. No trial dates have been set.

Maximum punishment under the charges would be a year's imprisonment and a \$1,000 fine. Hubbard and his top law enforcement aides are accused of failing to take proper action when an angry crowd estimated at 400 by some witnesses hurled rocks, eggs and debris at the Dearborn home of Giuseppe Stanzione.

Stanzione, who has sued the three indicted officials and 13 Dearborn policemen for \$250,000 damages, said that the crowd erroneously believed he had rented an upstairs flat or sold his home to a Negro family.

Evanston Wife Says Husband Is Fish-Coddler

CHICAGO (AP) — A suburban Evanston woman has sued for divorce, contending that her husband used her pots and pans to coddle his tropical fish.

Stephanie Endres, 38, said in the Circuit Court suit filed Tuesday that her husband, Donald, 42, spent much of the night caring for the several thousand fish and beat her when any of them died.

The suit alleged that Endres, executive chef at St. Joseph's Hospital, had spent \$2,500 on fish tanks and planned to buy another 50-gallon one.

The Endres, married more than five years ago, have a 4-year-old son. Mrs. Endres also sought an injunction to restrain Endres from buying any more fish.

Homes Ruined; Five Dead And Seven Injured

By The Associated Press
Rain, sleet, snow, fog and destructive winds raked 40 states, leaving at least five dead and seven injured, wrecked homes and murky flood waters.

Precipitation fell in 40 states Tuesday, omitting only New England, California and Florida.

Tornadoes hit southern Arkansas, injuring at least seven persons and wrecking buildings.

Heavy-snow warnings were in effect from Minnesota to Kansas. Snow warnings also were posted for the mountains and passes of southwestern Colorado and northern Arizona and New Mexico.

Half Of Town In Ruins

Hardest hit by the tornadoes was Hermitage, a community of 400 in southern Arkansas. Seven persons were injured and half the buildings in the town were destroyed or damaged.

Minor damage was caused in Mississippi and southern Illinois by tornadoes that touched down briefly.

Texas was drenched with rainstorms that measured 6 inches in Colleyville, northeast of Fort Worth.

Two and three inches of rain were commonplace from the middle Red River Valley south to below San Antonio. Dallas and Fort Worth were hit by flash flooding, knotting traffic and contributing to two deaths on Dallas streets.

Paris, Tex., had 5.92 inches of rain; 4.84 inches fell near Fort Worth. A wind storm struck Decker, three miles east of Austin, damaging buildings.

Highways Slick

Damaging winds and hail pounded southern Indiana. Rain fell over most of Iowa and Ohio.

A massive storm moved into Wisconsin with freezing rain and snow, closing schools and making highways slick. Two accidents on icy roads caused three deaths.

Light snow followed by sleet and then rain paralyzed the northern half of Minnesota and freezing temperatures plagued the southern half. Nine inches of snow fell in the St. Cloud area. The State Highway Department said: "Driving conditions in Minnesota are now deplorable."

In Nebraska, Grand Island was hit by 6 inches of snow and Norfolk, Neb., and Sioux Falls, S.D., had 4 inches. Five inches

Red Rallies Hit U. S. Embassies

MOSCOW (AP) — A Communist student attack on the U.S. Embassy was followed by a mass demonstration in Peking and smaller rallies in other foreign cities, all in opposition to American air strikes against North Viet Nam.

Nearly 1,000 screaming students attacked the U.S. Embassy in Moscow Tuesday, smashing windows and splattering walls with ink.

Angry American protests that Soviet police, summoned in advance, failed to provide the protection Soviet property is given in the United States, were filed in Moscow and Washington.

The New China News Agency reported "hundreds of thousands" of demonstrators massed in Peking Tuesday. Another mass meeting, attended by Communist party chairman Mao Tze-tung and Premier Chou En-lai, was held today, the agency said.

In Rome, several score of leftist youths marched in front of the U.S. Embassy for about an hour in a blizzard.

Signs saying "Bombs on Viet Nam — When Is Our Turn?" and "Genocide — Yankee Sport!" were painted in red on the walls of the University of Munich in Germany.

Two containers filled with tar were thrown at the embassy building in Montevideo, Uruguay. An anti-American sign bearing the initials of the Young Communist League appeared in downtown Montevideo.

Space Booster Test Scheduled

CAPE KENNEDY, Fla. (AP) — A Titan 3A military space booster is scheduled for launching Thursday in the first attempt to ignite a rocket engine three times in space.

The mission involves four orbit-shifting maneuvers and the release of three satellites, including an experimental communications payload. The launching is to evaluate the Titan 3A's ability to perform military space operations.

The third satellite — called a transage — is to fire itself into a circular orbit 115 miles above the earth, a second orbit from 115 to 1,725 miles high and a third at 1,725 miles.

A 69-pound communications satellite is to be ejected into an oval orbit from 1,725 to more than 11,500 miles up.

The transage then is to kick a 1,000-pound chunk of metal into orbit to determine its ability to pack more than one payload.

Mail Train Fire Takes 30 Lives

ZARAGOZA, Spain (AP) — At least 30 persons were killed today when a passenger coach of the Madrid-Barcelona mail train caught fire near here, police reported.

Authorities said most victims were passengers who panicked and jumped out of the speeding train when the fire started.

Another 33 passengers were brought to Zaragoza, most of them reported in a grave condition.

The fire started at 5 a. m. when most of the estimated 250 passengers aboard the train were dozing.

Coast Guard Station Plans Told To Rotary

The "target date" for the upgrading of the Coast Guard station at Escanaba is now 1967 with the possibility that it will not be completed until 1968, the Escanaba Rotary Club was told at its meeting at the House of Ludington Tuesday.

Chief Daniel Ferguson, officer in the charge of the Coast Guard light station, said that the expansion of the station here "will be done when funds are available."

At the time of the first announcement of the Coast Guard's plans for the Escanaba station the target date was 1966. The delay is occasioned by the Coast Guard's need for funds for other projects with higher priority.

Matter Of Study

The station is to become a maritime law enforcement and rescue facility and have a crew of 14 men.

"We can promise that it is going to be done," said Chief Ferguson. "The question now is when."

Although there does remain a question of when, equipment for the higher-power radio transmitter-receiver with 80-foot tower, and for the Coast Guard barracks is being received now, he added.

Library Hears Offer Of Aid

The Escanaba Carnegie Library Board of Trustees meeting Tuesday night at the library reviewed two applications for the librarians office and ordered them processed. A successor to Harry Courtwright, who left this month to join the Kellogg Library staff in Green Bay, Wis., is being sought, with Miss Elizabeth Jacobson of the library staff acting as interim librarian.

Clarence Walters of Lansing, building consultant of the Michigan State Library discussed a federal-state assistance program for library construction. Escanaba participation would require a survey of facilities and needs. No action was taken immediately on the matter by the library board, which will consult with the city government on building needs. The city supplies most of the library's financing.

The library building aid program runs until 1967 and provides as much as two-thirds of the cost of construction. The library's present building was constructed 60 years ago.

Library circulation in January was down about 100 items from a year ago, to 10,758.

L'Anse Gets New Sawmill

David O. Farrand, industrial development specialist for the Upper Peninsula Committee for Area Progress, announces completion of the \$100,000 financing of the new Leo Erickson & Son sawmill at L'Anse. This was accomplished by UPCA with the participation and cooperation of the Commercial Bank of L'Anse, the Superior National Bank of Hancock and the Small Business Administration.

The new mill is equipped with a modern debarker and loader and a chipper will be installed in February which will produce two carloads of chips a day. Erickson, who has been in the lumber business for 20 years, also has a sawmill operating in Skaneateles.

The new mill will employ 27 men as sawmill workers and loggers, which will double the present Erickson work force. Erickson has contracts with several nationally known wood-product companies and is highly regarded as an experienced sawmill operator.

The Commercial Bank at L'Anse will act as servicing agent in the financing arrangements. Farrand commended the banks and Small Business Administration for their assistance in the economic development project.

Bounties, Doe Kill Ban Asked

The Delta County Sportsmen's Club meeting at Carnegie Library Tuesday evening adopted three resolutions to be submitted to the mid-winter conference of the Michigan United Conservation Clubs in Escanaba March 14, for processing for the organization's state convention in June.

The resolutions ask:

1. Increased activities by the State Conservation and Health Departments to control pollution of waters and air with pesticides, industrial pollutants and other agents.

2. Retention of the bounty system in the Upper Peninsula on predators which State Conservation Director Ralph MacMullen has described as a "ridiculous" waste of public money.

3. Denial of permits to hunt antlerless deer in Delta County for three years.

The resolutions were not adopted unanimously.

Harold Meiers Jr., showed a movie of local hunters on a trip to South Dakota and with segments on U. P. grouse and deer hunting. The movie, in color and with sound, scored a hit with the club members.

Fords Will Come With Seat Belts On 1966 Models

DETROIT (AP)—Ford Motor Co. announced today that all its 1966 cars will be equipped with both front and rear seat belts unless the customer specifies he does not want them.

Front seat belts have been a standard feature of Ford cars since January 1964. The only exceptions were cases where dealers or customers specified otherwise.

Henry Ford II, board chairman of Ford Motor Co., said rear seat belts have been available for dealer installation since 1955.

"The decision to equip our cars at the factory with rear seat belts, in addition to factory installation of front seat belts, is another step in our continuous safety commitment," he said.

Under Ford's plans, two sets of belts will be installed in both front and rear seats of the 1966 models. Current price of the front seat belts installed runs about \$11.

SAFE IN SNOW

BELGRADE, (AP) — Sixteen of the hilliest streets in Belgrade were closed to auto traffic this winter, so the children could use them safely for sledding.

FPC Rejects Gas Service Bid By Third Firm

WASHINGTON (AP) — Examiner Francis L. Hall of the Federal Power Commission denied Tuesday a request to include another application at a hearing on proposals to pipe natural gas to the Upper Peninsula of Michigan.

Northern Natural Gas Co. of Omaha is seeking authority for a \$35.7 million project to supply gas to 26 communities and seven industrial customers in the area.

Michigan Consolidated Gas Co. and Michigan Wisconsin, an affiliate, propose in a competing application a \$15.8 million joint project to serve 36 communities and an iron ore plant.

Hall, in denying the motion by George Mastor, attorney for Minneapolis Gas Co., said that if the request were granted the providing of gas to the Upper Peninsula could be delayed up to a year.

No Opposition

Mastor's motion would have required the FPC's staff and Northern Natural to present evidence of any alternative method for transporting gas to the Upper Peninsula.

Mastor asked that if this were not possible the examiner then would recommend to the FPC that it consolidate the present case with an application filed by Great Lakes Transmission Co., a subsidiary of Trans-Canada Pipelines, Ltd., of Canada.

The Application by Great Lakes is for authority to transport gas from western Canada into Minnesota near Emerson

Rapid River Cubs Observe Scout Week

RAPID RIVER—Rapid River Cub Scouts of Pack 480 are observing Boy Scout Week.

The Cubs, dressed in uniform, attended their individual churches Sunday, Feb. 7 in observance of Boy Scout Sunday. Each den is displaying the Cubs' work in store windows in the area. Mrs. George S. Anderson's den, Buchman's; Mrs. E. Stanley Pyke and Mrs. Bernard Wills' Den, Ray's Market; Mrs. Ernest Vanderhoff's den, Via's Red Owl Store, and Mrs. Donald LaCrosse and Mrs. Barbara Norlander's den, Majestic's IGA Store in Ensign.

Pack 480 will hold a Blue and Gold banquet in the Bay de Noc Elementary School's multi-purpose room Monday, Feb. 15, in honor of Boy Scout Birthday Week.

Singer Melchior's Marriage Brief

LOS ANGELES (AP) — Singer Lauritz Melchior, 74, was divorced Tuesday after a five-month marriage by Mary Markham, 40, his former secretary who now is a television producer.

In lieu of alimony, Miss Markham was given a settlement of \$20,000 in cash and an \$80,000 note to be paid on Melchior's death. She testified Melchior would go into a rage every time she tried to leave their Hollywood home and caused her so much tension that she was confined for a time in a hospital.

Briefly Told

Barbershop singers of the Bay de Noc chorus will hold their weekly rehearsal program at Carpenters Hall Thursday night. A previously scheduled appearance at the Bishop Noa home Thursday evening has been canceled.

Proxmire Asks Study Of Lakes

WASHINGTON (AP) — Sen. William Proxmire, D-Wis., said today his proposal for a study of the Great Lakes will be made a part of a Senate bill authorizing rivers and harbors projects.

Proxmire's proposal calls for a study of the possibility of keeping the Great Lakes open for year-round shipping. Great Lakes shipping stops during the winter months because of ice.

Proxmire said Sen. Pat McNamara, D-Mich., chairman of the Senate Public Works Committee, has offered to incorporate the proposal in the omnibus rivers and harbors measure.

"This practically insures that my bill will pass both houses," Proxmire said.

There is considerable information available on de-icing harbors and waterways, Proxmire said. The study proposed would include a review of such data from Army engineers and information from any other governmental or private source.

It is estimated, Proxmire said, that the study, which would be conducted by Army engineers, would take about two years and cost \$50,000.

Under the bill, the completed study would be sent to the President, together with recommendations for legislative and executive action.

"If the Great Lakes ports can be kept open even for an additional few weeks, it would be a great economic boon for the Great Lakes shipping industry," Proxmire said.

The bill is co-sponsored by 12 other senators.

Schaffer

Mr. and Mrs. Eddie Taylor returned from a five week visit with their daughter and family, the Thomas Bissons, Norwalk, Calif. While there they visited many place of interest including Marine Land, Caspistrano, Forest Lawn Cemetery, Disneyland and the Paladium. They attended many TV shows and Mrs. Taylor danced with Lawrence Welk and had a picture taken with him.

Mothers To Aid March Of Dimes

Plans have been completed for the annual Mothers' March in Escanaba and surrounding areas on Thursday evening, Feb. 11, when dozens of women will call on their neighbors to raise funds for the March of Dimes campaign against birth defects.

"It is hoped that the Mothers' March will raise at least \$3,500 this year," Myron Austad, chairman, told area captains. Another \$4,000 is expected from other sources.

Last year "some \$5,000 was spent in Delta County in aid to polio victims in the form of shoes, braces, etc. in addition to hospital care. In cooperation with the Health Department, some \$800 was used to provide polio shots for pre-school children and expectant mothers. Of the funds given in the county, approximately 98 per cent is returned here for local use," Austad said.

Now, in addition to continuing care for polio victims, the March of Dimes is financing research to prevent birth defects, pioneering in the care of birth defect victims, and offering scholarships to High School seniors who plan to go into fields relating to this work.

Assisting Austad in the Mothers' March are area chairmen: North Escanaba, Mrs. Robert Cousineau; South Escanaba, Mrs. Ben F. Helmer; Wells, Mrs. Clarence Schwartz; and Cornell, Mrs. Alfred Dahl.

Area captains who recruit the actual "Marching Mothers" are Mesdames George Madden, Gerald St. Peter, Chet Marrier, Carl Davis, Henry King, Arne Strom, Ed Therrian, Elwood Oman, James Ellisor, Henry Moras, Esther Johnson, Al Reno, Ed Havitz, Kenneth Buck-

Briefly Told

Traffic Crawls Over Icy Roads; Schools Closed

Highway traffic crept along on hazardous slippery roads last night and today, an air flight at Escanaba was cancelled this morning, and schools were generally closed because of icy conditions.

The freezing rain began about 6 p. m., Tuesday and continued through the night.

Within minutes the highways were treacherously unsafe for all traffic and State Police and other traffic enforcement agencies joined in appeals for motorists to stay at home.

The State Highway Department reported the icy condition general throughout the Upper Peninsula and the northern part of the Lower Peninsula. Farther south there was rain and fog.

Six Accidents

The outlook is for rain changing to snow in the U. P. with 2 to 4 inches of new snow in the western half. Thursday's forecast is for colder weather.

North Central Airlines cancelled its morning flight but the noon and afternoon flights were to go out on schedule, it was reported from the Escanaba airport.

Escanaba police reported six accidents in the city last night because of the icy condition of the streets. No one was injured.

and no tickets were issued. Two city vehicles were involved in two of the mishaps. A truck used in sanding skidded and struck a parked car and a police patrol car slid into a utility pole while coming to a halt.

After investigating one minor traffic accident at 7:21 a. m., today, Escanaba police noted in their report: "No tickets were issued and no fault is shown because of the extremely icy condition of the road. It was almost impossible to walk on the streets at that time of the morning."

Schools Closed

At 8:45 p. m., Tuesday in the 1100 block, Washington Ave., Edward Turnquist of 1023 Washington Ave., fell on the ice and cut and bruised his eye and broke his glasses. Police were summoned and took him to his home.

State Police of the Gladstone post reported they had no major accidents to investigate and no mishaps in which there were injuries. There was one report of skaters using the icy highway at Wells but State Police said the children could not be located.

Because of hazardous roads the school buses were not operating in the area and schools generally were closed for the day.

Closed were the Escanaba Area Public Schools, Holy Name High School, Bark River, Rock, Perkins, St. Joseph's, Newberry, St. Anne's, Rapid River, Brantford, Nahma, St. Patrick's, Powers, Thompson, Garden, Fairbanks Township; and Doyle, Manistique and Hiawatha Township schools in Schoolcraft County.

Mail Delayed

Early classes at Bay de Noc Community College were not held this morning because students would be delayed in traveling.

Escanaba Postmaster James Pryal said, "all mail is extremely late" but his crews are doing the best they can.

"One truck due from Iron Mountain at 4 a. m., today got here at 10:30," he said. "Trains also have been late. All of our men are out delivering, but we have instructed all of them to be very, very careful."

He said he hoped the major portion of the mail would be delivered.

South of Escanaba along M 35 near the Delta-Menominee county line 10 trucks were reported to have skidded off the road, way in one treacherous spot. Included were Olson Transportation and Clairmont Transfer vehicles.

THIS WAS A familiar scene in Escanaba this morning as slippery pavements closed many schools and stopped much highway traffic. Paul Cole, the truck driver, is being aided in backing from a parked position at the curb by Clyde Moersch and Rudy Gafner. (Daily Press Photo)

Pat St. John, 20, Is Drowned At Charleston

CHARLESTON, S. C. (AP)—The Navy said a search would be resumed Tuesday for a Michigan sailor who fell or jumped from a pier in Charleston Harbor early Monday.

A Navy spokesman identified him as Patrick J. St. John, formerly of Escanaba.

A fellow crewman aboard the U. S. S. Leahy, a missile destroyer, saw St. John in the water about 3 a. m. and tried unsuccessfully to rescue him.

Pat St. John, 20, Is Drowned At Charleston

St. John was 20 years old, joined the Navy at the age of 17 at Escanaba, and is the son of Leo St. John of Crystal Falls and Mrs. Agnes St. John, formerly of Escanaba. There is a sister, Laurie, Crystal Falls.

He attended Kingsford High School for about six months before moving to Escanaba, where he attended Holy Name High School before entering the Navy.

Winter Party For Sunday School

RAPID RIVER—Fifty young people attended the sledding party held Saturday for the Rapid River Congregational Sunday School. The group met at the church and then were driven in cars to the pipeline area on the Whitefish Hill. At the hill, sledding, tobogganing and skiing were enjoyed by the group.

Following the winter fun, refreshments were served in the church parish hall. Adults helping with the party were Mr. and Mrs. Albert Bond, Mr. and Mrs. Harvey Deneau, Mr. and Mrs. Douglas Wescott, Mrs. E. Stanley Pyke, Mrs. George S. Anderson, Mrs. Norman Slough, Mrs. Joyce Phillips, Charles McClintchey and Mrs. Thomas Safford.

U. S. Air Mail May Be Abolished

WASHINGTON (AP)—Postmaster General John A. Gronouski said Tuesday he would ask Congress to abolish the air mail category because there no longer is reason for it.

The nation "is on the verge of overnight mail service anywhere in the country," Gronouski told a news conference. "The distinction between air mail and other modes of transportation has become artificial."

U.P. Generating Expansion Set

Robert Ling, president of the Marquette Chamber of Commerce, announced to its annual dinner last night in Marquette that John Warden, president of Upper Peninsula Generating Co., has confirmed an agreement reached last week by the generating company and Cleveland Cliffs Iron Co. which will bring a fourth generating unit to the big Presque Isle power plant at Marquette.

The plant, with three generating units, now has a capacity of 120,000 kilowatts. With Unit No. 4, capacity will reach 200,000 kw or more.

Expansion of operations at the Empire Mine of CCI and its partners at Palmer is a major contributing market to the load that will add No. 4 generator. Only the agreement was announced and formal report of details will be forthcoming from the utility soon.

The increase in electric generating capacity is one of the prime goals set by the Ebasco Report on U. P. economic development for industrial growth in the U. P.

U. P. Generating Co. is associated with Upper Peninsula Power Co. in its big Upper Peninsula electric system extending from eastern Delta County to the Copper Country. The utility manages the electric generating plant of the City of Escanaba.

Can't End Draft

SAN FRANCISCO (AP)—Paul F. Fay Jr., who resigned as undersecretary of the Navy last month to return to business, said Tuesday that the government is going to have to continue the draft and might as well admit it.

Pioneer Park Camps Popular

A total of 2,359 persons camped in Pioneer Trail Park during the 1964 season June 5—Sept. 25. Walter G. Lewke, manager of the Escanaba Chamber of Commerce, reported today.

This represented 674 units of trailers, tents, campers, cars and buses. Based on an average of a 3-day stay this amounted to a total of 7,077 persons camped at the park during the four month period.

Twenty-nine states and Canada were represented in the registrations. Michigan, Wisconsin, Minnesota, Canada and Illinois accounted for 75% of the camp unit registrations and for 72% of the total number of persons.

"Pioneer Trailer Park visitors are tremendously important to the economy of the Escanaba and Delta County area," said Lewke. "Based on a \$20 a day expenditure for each unit, visitors leave about \$70,000 with Delta County merchants for groceries, gasoline, clothing, gifts and other retail items."

"It is obvious that our tourist market to a large extent is centered around the upper mid-west," said Lewke. This would accent the importance of our tourist promotion activity at the Detroit, Chicago, Milwaukee and Minneapolis travel shows. "We cannot over-emphasize the importance of colored travel folders distributed on a continuous basis at these shows. We must keep advertising and promoting our area if we are to compete with other points of interest throughout the mid-west."

The Escanaba Area Chamber of Commerce distributed 50,000 Delta County folders and 50,000 Pioneer Trail Park folders, both multi-colored, at midwest travel shows, state tourist information centers, travel bureaus, automobile clubs and through other Chambers in 1964. The Chamber is distributing a similar number at these locations this year.

"We want to thank those members of the Escanaba Area Chamber of Commerce who have underwritten the cost of the colored Escanaba folder and also the Delta County Board of Supervisors who have underwritten the cost of the Delta County colored folder, both of which are distributed at the above mentioned points."

"Delta County's tourist business was up between 10 and 12% in 1964 over 1963 and we feel that it is only through this type of promotion that this increase was made possible," said Lewke.

A cross section of comments on park facilities by Pioneer Trail Park visitors during 1964 was as follows: "clean . . . shady . . . refreshing . . . very nice . . . one of the cleanest . . . rangers are courteous . . . so nice . . . stayed longer than planned . . . enjoyed stay . . . pretty scenery . . . nicely kept . . . will stop again . . . thankful for electricity . . . trees are beautiful . . . very clean, neat . . . lovely park — better than we've stayed in . . . firewood very thoughtful . . . real pleasure to camp here."

Constructive criticisms noted were: "need showers . . . where are the showers . . . I wish you had showers . . . need sewer hook-up."

"The county has been fortunate in enlisting conscientious and high type rangers for duty in the park and we have heard many comments about their courtesy and helpful treatment of visitors to the park," said Lewke.

Rangers in charge of Pioneer Trail Park have commented that considerable business was lost to the park because of the lack of shower facilities and sewer hook-up.

Big City Animal Life Makes Impressive List

By LEE SMITS

Compiling a list of animals that inhabit a big city has become an annual ritual with this column.

Urban wildlife populations keep increasing mainly because the frontier custom of shooting any bird or mammal on sight, anywhere, any time, has pretty much died out. Around the turn of the century Ann Arbor became famous for its tame fox squirrels. At that time in most towns a squirrel would be under fire as it approached the city limits. Nowadays squirrels are part of the scene in most city neighborhoods.

Fox squirrel nests are visible in almost every Detroit neighborhood. A squirrel occasionally becomes a traffic

Sleeping Bear Park Opposed

GLEN ARBOR (AP)—Members of the Sleeping Bear Citizens Council have been promised new action against proposed establishment of a national recreation area on the nearby Lake Michigan shoreline.

A recent letter to that effect came from council president Fred W. Siebert upon reintroduction by Sen. Philip Hart, D-Mich., of a bill covering 51,000 acres.

"There has been no lessening, but rather a stiffening of opposition to the federal government using the continuing threat of condemnation to control the use of privately owned property, all without recourse by the unfortunate taxpayers involved," Siebert wrote.

The council represents some 1,200 members who own property and homes in the proposed park area.

Siebert said the council concern over the condemnation principle is "fully shared" by citizens in other states similarly affected.

His letter noted congressional passage last September of the Land and Water Conservation Funds Act which "assures Michigan receiving from \$2 million to \$4 million each year to help expand its park system."

The council appealed "in the best public interest" to Lansing authorities "to use at least some of these funds to improve facilities" now existing at Sleeping Bear, D. H. Day and Benzie state parks as an alternative to the national recreation area.

"Certainly such a program would be more acceptable," Siebert wrote.

Copies of the letter were sent to Gov. George Romney, area legislators and to federal lawmakers.

Kennedy Grave Project Calls For 1.77 Million

WASHINGTON (AP) — President Johnson has asked Congress for \$1.77 million to make improvements near the grave of President John F. Kennedy.

The White House said the money would be used for walks, platforms and other facilities designed to accommodate the large number of visitors to the Arlington National Cemetery grave.

Oh, my aching back

Nagging backache, headache, or muscular aches and pains may come on with over-exertion, emotional upsets or day to day stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation... with that restless uncomfortable feeling.

If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain-relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys—tending to increase the output of the 15 miles of kidney tubes.

So if nagging backache makes you feel dragged-out, miserable...with restless, sleepless nights...don't wait...try Doan's Pills...get the same happy relief millions have enjoyed for over 60 years.

For convenience, ask for the large size. Get Doan's Pills today!

Doan's

victim, but otherwise it would seem that they enjoy a long life expectancy. Fox squirrels travel from block to block on overhead cables. They dig holes in lawns to bury roasted peanuts. They have a lot of fun cussing at dogs that can't get at them.

It would take the energetic efforts of a team of juvenile vandals to equal the damage that one fox squirrel can cause if it finds itself confined in a house. Trying to catch the squirrel simply inspires the animal to greater destructiveness.

In only one section of Detroit are gray and black squirrels found; Indian Village out East Jefferson, close to the river. It is presumed that they came from Belle Isle. Blacks and grays are color phases of the same species.

Waterfowl and game birds are year-around residents in metropolitan Detroit. Mallard nest on Belle Isle and in Waterworks Park.

Drive around Belle Isle during spring or fall migration and you are likely to see eight to ten species of waterfowl.

Pheasant rear their broods close to shopping centers. Not infrequently a covey of quail appears in a city backyard. Last winter we fed a lonely hen quail that somehow got marooned in a parking lot at the foot of Griswold Street, close to Woodward Avenue.

Mourning doves, protected at all seasons in Michigan, are most popular game bird in the United States. Mourning doves nest in cities, and a few of them patronize backyard feeding stations.

One of the most graceful fly-

ers is the Nighthawk, gulping insects on the wing at dawn and dusk. Nighthawks nest on the roofs of skyscrapers. The Nighthawk lays its two camouflaged eggs on the ground normally. A flat roof suits this bird better than any natural terrain.

From Walter P. Nickell, of the Cranbrook Institute of Science, I have a 10-year survey report on birds of the Detroit-Windsor area, compiled by Cranbrook naturalists and the Detroit Audubon Society; a total of 169 species identified in this center of massed humanity! The book notes a little rocky island in the Detroit River, almost in the shadow of industrial plants, where Egrets nest in company with Black-crowned Night Herons and great Blue Herons.

Crows have learned that nearness to massed humanity guarantees safety. Crows are increasingly common in the heart of Detroit. They nest in parks and cemeteries. Crows may perform a valuable service, in raiding pigeon nests. There are too many pigeons, and pigeons carry dangerous infections.

Mammals are inhabiting a big town range from the little brown bat to white tail deer. Fresh deer tracks can be found in suburban back yards where racoons upset garbage cans. Cottontails live anywhere they can find a patch of cover. Skunks keep coming to town.

Alongside a downriver steel plant is a woodchuck paradise, a railroad embankment honeycombed with burrows, adjacent to lush feed. John Siegel of the Detroit Zoo and I visited this suburban community one early spring morning and collected 20-odd non-venomous snakes of four species. We let them all go. John was in quest of an over-size fox snake for the Holden Museum of Living Reptiles.

There are muskrat families within the Detroit city limits and where there are muskrats an occasional travelling mink is pretty sure to show up.

A Walt Disney parade of urban fauna, flying, running, crawling, would amaze most city dwellers.

Needed: A Little Co-'cop'eration

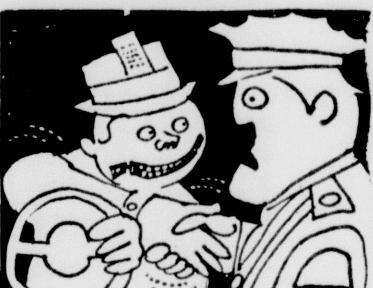

One out of every four American motorists was cited for a traffic violation last year, according to the American Automobile Association. Of course, obeying every letter of the law is the best way to beat the odds. However, in a spirit of helpfulness after analyzing the cases, the AAA offered the following tips on how to behave if you are stopped. It may get you off with a warning instead of a ticket.

DON'T argue with the officer.

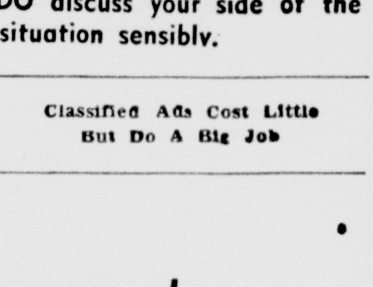

THANKS FOR DOING YOUR DUTY.

DON'T threaten him.

DON'T lose your temper.

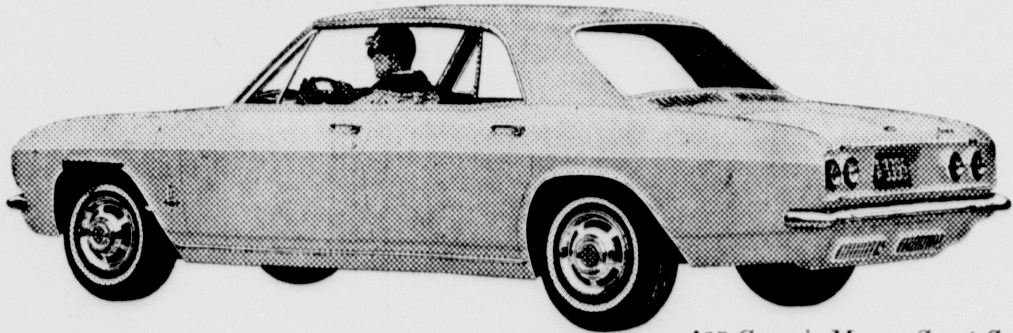

DO discuss your side of the situation sensibly.

Classified Ads Cost Little But Do A Big Job

No window post.
No floor hump.
No radiator.
No power steering.
No power brakes.

(Some of the things you don't get in a Corvair are among your best reasons for buying it.)

'65 Corvair Monza Sport Sedan

Corvair by Chevrolet

The beauty of it, of course, goes deeper than the things you don't get. There's the other side of the coin—what you do get in their place.

Take the no window post, for example. What you do get is hardtop styling—with curved frameless side windows—in every Corvair closed model.

The transmission and driveline hump you don't get means more foot room. Thanks to Corvair's rear engine, the floor is practically flat.

No radiator—the engine's air-cooled—also means no water, no antifreeze and no hose leaks to worry about. All

of which add up to some more important pluses.

Power steering? Power brakes? Corvair needs them like a centipede needs crutches. With most of the engine weight on the rear wheels, the front ones are free to steer easily. And stops are quick and sure—with no nosediving.

Come on down to our showroom and discover the difference.

Studebaker Has Big Profit Year

SOUTH BEND, Ind., (AP) —Studebaker Corp. bounced from a \$16.9 million loss to an \$8 million profit a year after quitting its auto making operations in the United States, the firm said Tuesday.

Byers A. Burlingame, Studebaker president, reported net earnings of \$8,064,934 for 1964 which he said were the firm's highest in the past five years and second highest in the last 12 years.

"Our four straight quarters of operating earnings in 1964 were the combined results of ending our automotive losses and the profitability of our 10 other divisions," Burlingame said.

The \$8 million 1964 net earnings provided 55 cents a share on net sales of \$261,755,634, he said. This compared with a net operating loss in 1963 of \$16.9 million, equal to \$1.21 a share on sales of \$403,314,089.

Studebaker's corporate indebtedness has been reduced by \$37.7 million as a result of repayments made in 1964 and to date in 1965, the firm said.

Debts which stood at \$56.1 million at the beginning of 1964 were reduced to \$27.6 million at the end of the year, Burlingame said.

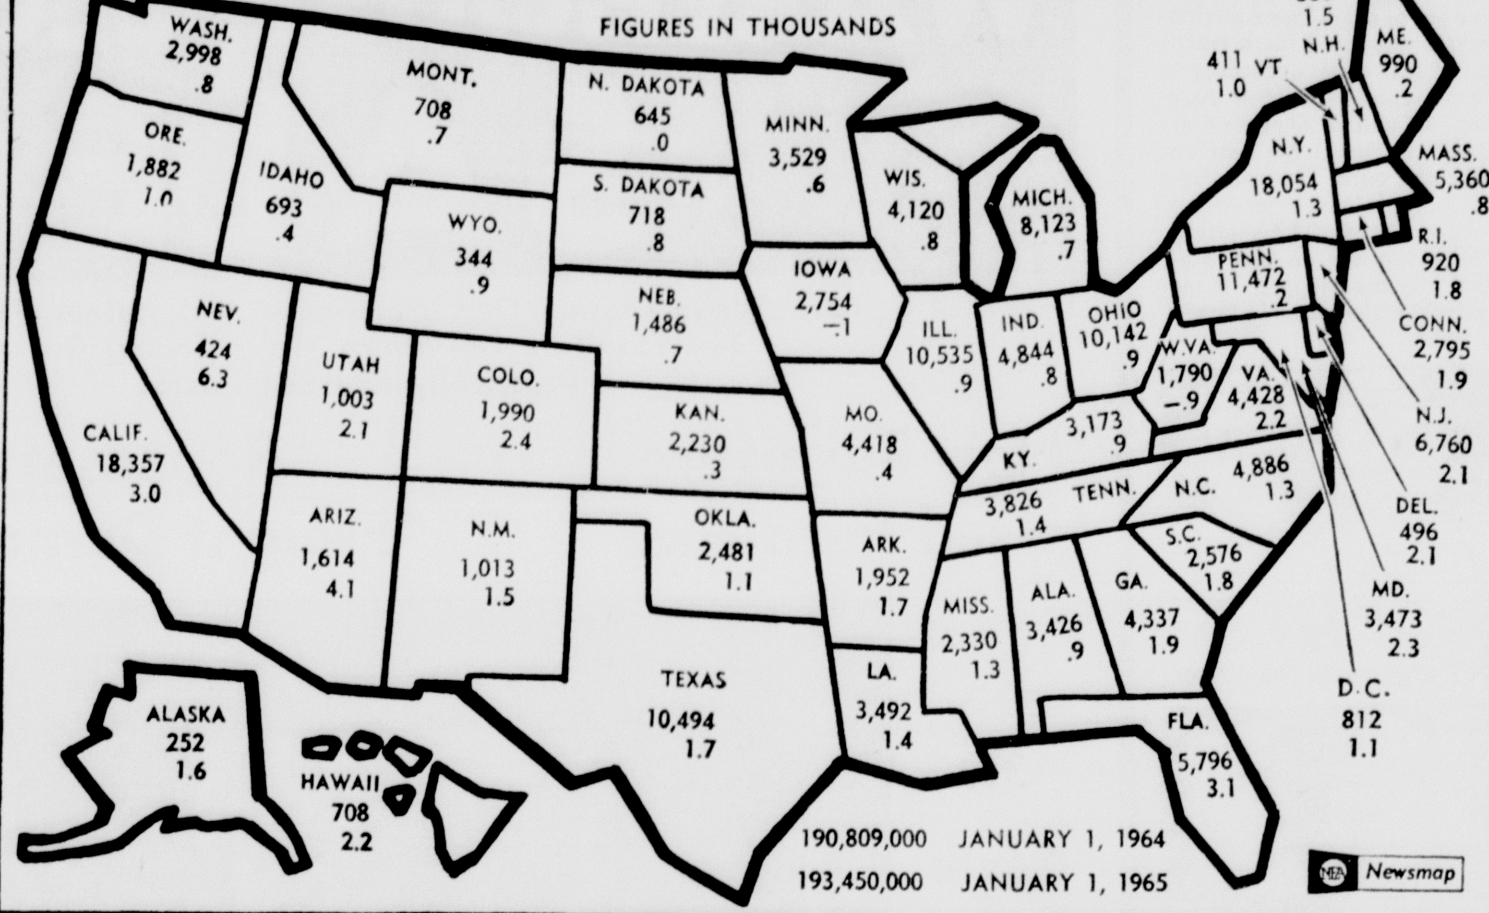

Late in 1963, Studebaker ended auto building operations at South Bend and moved all its auto production to Canada.

Net earnings in the fourth quarter of 1964 totaled \$2,417,454, or 17 cents a share on sales of \$61,964,119, the firm said. This compared with a net operating loss in the final quarter of 1963 of \$7,094,597, or 51 cents a share on sales of \$100,678,997.

Busy Session At Meeting Of VFW Auxiliary

Six candidates for membership were initiated into the Veterans of Foreign Wars Auxiliary at the monthly meeting held Monday evening at the V.F.W. Hall.

They are Barbara Gosselin, Irene Lund, Estelle Cormier, Olive Gosselin, Eva Courler and Nancy Perron.

A letter from Iva Daggy, Department legislation chairman, was read, asking all members to write their Congressman and Senators urging them not to uphold the cutback in care, treatment and service to wartime veterans across the nation by closing any more VA hospitals, domiciliaries or regional offices.

Donations were approved for the March of Dimes Telethon and for the Delta County Cancer Society.

Lucille Cholger, hospital chairman, reported that an entertainment party for residents of Bishop Noa Home will be held Thursday, Feb. 11, at 7:30 p.m. A conducted tour of the Home will begin at 6:30 p.m.

The charter was draped in memory of Dorothy Mann, National past president, and of Anna Naumann, member of the local Auxiliary.

Lunch was served by Viola Berg and her committee and during the social with the post, a Chinese auction was held for a heart shaped cake which was won by Arne Rian. Joyce Johnson received the attendance award.

Ever add slivers of preserved ginger—the kind that comes packed in syrup—to a yam casserole? Delicious with ham or chicken.

Women's Activities

Mrs. Eisenzoph To Retire From MHS

Mrs. W. J. Eisenzoph, the former Marie Lindsay, formerly head of the Home Economics Department of the Menominee High School, has made several New Year's Resolutions for 1965, the most important among them her decision to retire at the end of this school year, and ending 15 years of teaching in the Menominee School.

She has also taught in Alpha, Hermansville, Harris, Carney, and Powers. While at Powers she organized the first F. H. A., winning a grant from the Sears-Roebuck Foundation.

Mrs. Eisenzoph attended Rosary College at River Forest, Ill., and was graduated with a bachelor of Science degree.

Her future plans include travel, substitute teaching, bowling and golf and the writing of articles for home economic magazines.

Social Club

Weight Watchers TOPS Club meets at 7:30 this evening at Kallio's Fareway Dinetette. A valentine party will follow the meeting. All gainers of last week are to have their fruit for the fruit basket.

Meeting Postponed
The meeting of St. Anne's Social Club, scheduled for this evening, has been postponed to Wednesday evening, Feb. 17.

Practical Nurses
Delta District Practical Nurses will have a regular meeting Thursday, Feb. 11, at 7:30 p.m. at the home of Mrs. Gladys Birkenmeier, 401 S. 17th St. A social, with Mrs. Birkenmeier, hostess, will follow the business session.

Runeberg Meeting
The Order of Runeberg is meeting at 7:30 p.m. Thursday at the V. F. W. Hall. Lunch will be served after the meeting.

from the University of Nebraska. She was elected to the Mortar Board, and was a member of Omicron NU, Iota Sigma Pi and Kappa Alpha Theta Sororities.

Mrs. Eisenzoph was regent chairman in home economics in the Upper Peninsula and was a member of the State Advisory Board. She is a member of the Home Economics MEA and NEA, also the American Home Economics Association.

She is a member of the American Association of University Women, Catholic Women's Club, Daughters of Isabella, St. John's Extension, Community School & Study Committee and Professional Problems. She is a past president of the American Legion Auxiliary, St. Joseph-Lloyd Hospital Auxiliary and St. Mary's Altar Society.

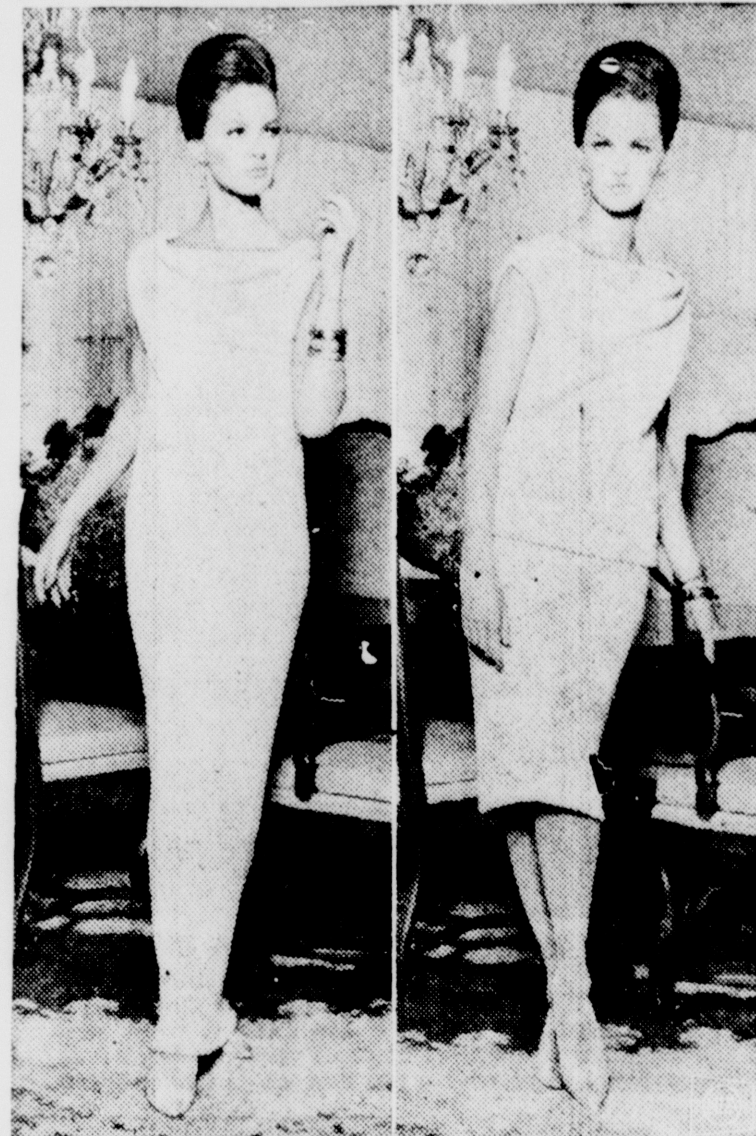

Her future plans include travel, substitute teaching, bowling and golf and the writing of articles for home economic magazines.

Births

ROBERTS — Mr. and Mrs. James E. Roberts of Arnold are the parents of a son, Johnny Leo, weighing 7 pounds and 6 ounces, born at St. Francis Hospital Feb. 8 at 11:51 p.m. The mother is the former Emma Van Elsacker.

McLEOD — SP-4 and Mrs. Gordon W. McLeod, 1412 Minnesota Ave., Gladstone, are the parents of a daughter, their first child, born Feb. 9 at 1:09 p.m. at St. Francis Hospital. The infant, whose name is Jodi Lynn, weighed 7 pounds and 13 ounces. Mrs. McLeod is the former Jeannine Londo. Jodi Lynn's father at present is stationed in South Korea.

CONNORS — A son, David Maxwell, was born to Mr. and Mrs. Michael M. Connors, Rock Rte. 1, Feb. 9 at 1:51 p.m. at St. Francis Hospital. The infant's weight was 7 pounds and 12 ounces. Mrs. Connors is the former Anita Sillanpaa.

Newest version of double-duty fashions makes its appearance for holiday party wear. Antron nylon long formal sheath (left) in luster knit that twinkles can be belted and worn street-length for less formal occasions. The addition of a ribbon-narrow gray suede belt converts the gown into a short, blouson-top cocktail dress. This is a Parkland of Dallas design.

PLOUFF — A daughter, Brenda Susan, weighing 7 pounds and 7 ounces, was born to Mr. and Mrs. Richard J. Plouff, 1407 Michigan Ave., Gladstone, at 7:24 p.m. Feb. 9 at St. Francis Hospital. The mother was Florence Sutter.

Camera Club Valentine Party Thursday Night

Delta County Camera Club will hold its annual valentine party Thursday at 7:30 p.m. at Carnegie Public Library. An interesting program has been arranged.

Two Kodak 16 mm movies in color and sound will be shown. The first, entitled "Quality in Photographic Lenses", will show how high grade lenses are produced from the computing stage up to the final grinding, polishing and coating. The

second, "The Triumph of Lester Snapwell," starring Buster Keaton, will show him fumbling his way through 85 years of photography until he discovers the instamatic camera.

The first showing, starting at 8 p.m., will be followed by a social.

Members are encouraged to invite guests.

If you want an extra delicious sandwich, use a filling of sliced cheddar cheese and cooked boneless smoked pork shoulder butt. Toast the sandwiches in hot butter in a skilleting stage up to the final grinding, polishing and coating. The

Nutritionist Is Vitamin Skeptic

EAST LANSING — "Of all persons killed in automobile accidents in 1964, 98 per cent had eaten white bread or flour on the day they died."

Food faddists are using this kind of false reasoning to convince Americans that their normal food supply is not adequate, observes a noted Michigan State University nutritionist.

Dr. Dena C. Cederquist, called for more public education on the facts of nutrition.

She said food faddists are causing many Americans—particularly the elderly who can afford it least—to waste money and perhaps endanger their health by purchase of vitamins and other food supplements.

She said the average person following a reasonably balanced diet has no need for vitamin pills or special food supplements. In particular, she noted, there is no evidence that elderly people need any more vitamins than any other group.

"Food faddists," she declared, "sell their products on the premise that if a little is good, more is better."

"This simply isn't so. In fact, too much may be harmful."

She noted a recent finding implicating overconsumption of vitamin D on the part of expectant mothers as a possible cause of mental retardation.

Dr. Cederquist said she thinks that too many foods are too enriched.

"Why should one serving of a cereal contain all the daily requirements?" she asked. "I intend to eat a lot more during the day."

Dr. Cederquist emphasized that while average daily requirements can be calculated for a general population, no one can say what any one person's requirements are without extensive testing.

Even federal agencies sometimes get caught up in the food faddists propaganda, she reports. A recent Department of Agriculture publication, she said, claimed that "foods now being raised on millions of acres of land that no longer

contain enough of certain needed minerals are starving us—no matter how much of them we eat."

"This is simply not true," Dr. Cederquist emphasized. She noted that she has written a number of letters to the Department of Agriculture and other federal agencies about the publication and that it has now been discontinued.

The MSU nutritionists said that a distinguishing trait of the food faddist is that he is never willing to have his product judged on a scientific basis.

The public needs to understand the facts of nutrition so that they will not be taken in by food faddists, Dr. Cederquist said.

Yet, she added, many elementary school teachers, who teach nutrition, have never had courses in nutrition.

Also, she said, many physicians have never had nutrition courses, even though more than half of all the prescriptions they write are for some type of vitamin pill.

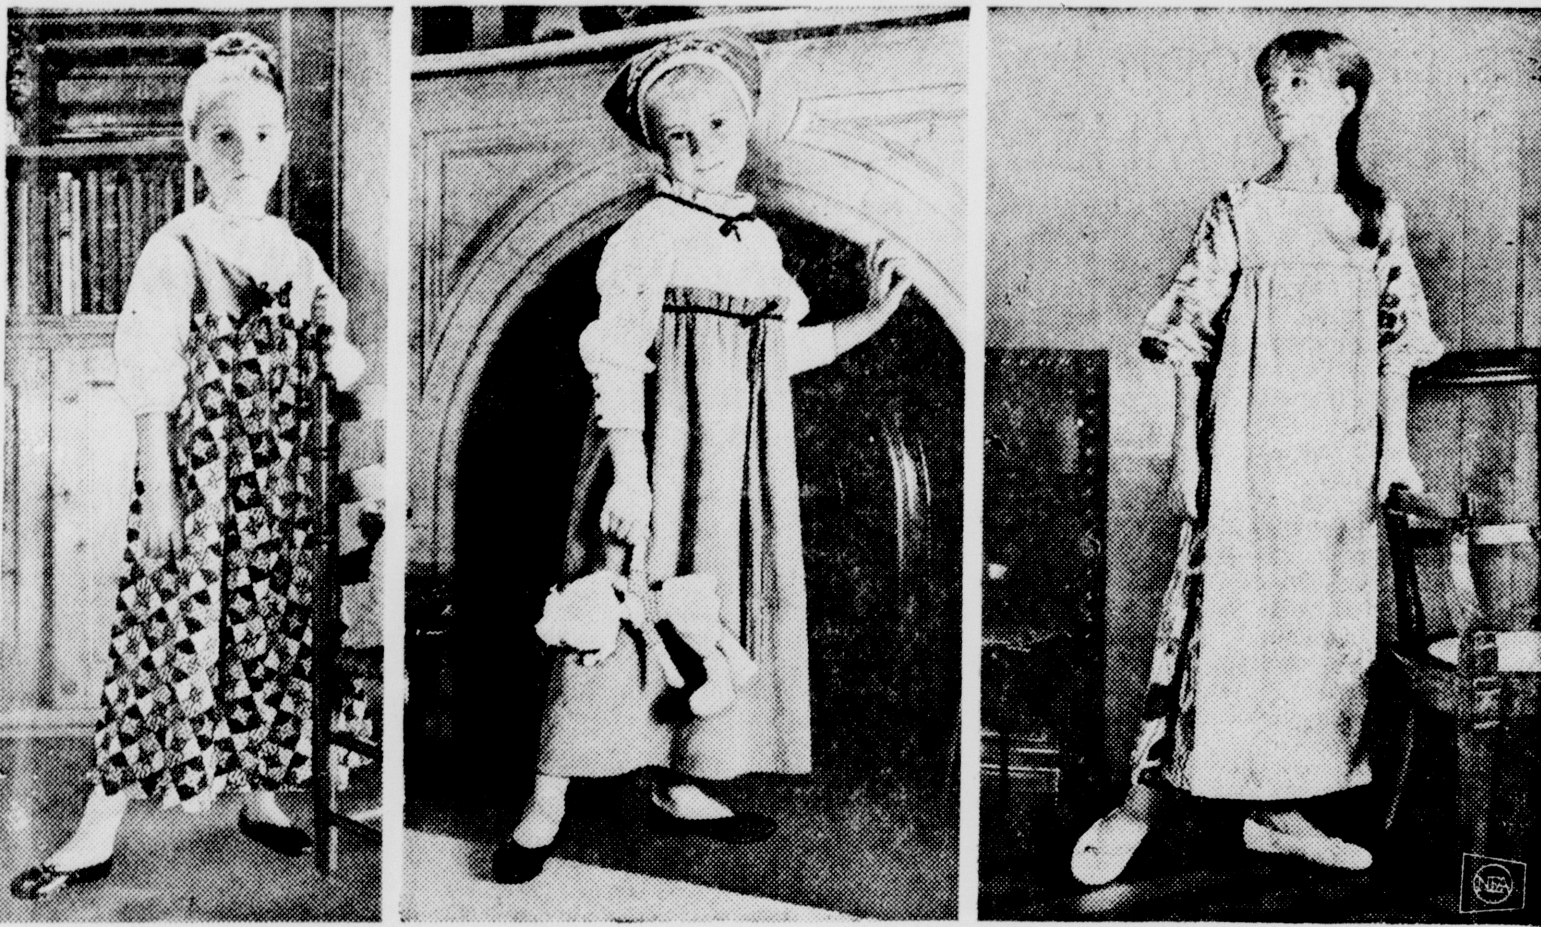

What's more, she noted, there are only a few extreme conditions, such as rickets and beriberi, that can be positively attributed to a vitamin deficiency on the basis of a brief examination. These diseases are quite rare in the United States, Dr. Cederquist said.

Schaffer

At Golden Wedding

Mr. and Mrs. Rayne Charbonneau attended the celebration of the golden wedding anniversary of his brother-in-law and sister, Mr. and Mrs. George Grusynski in Denmark, Wis. Mrs. Grusynski is the former Arthimene Charbonneau. Others attending were Mr. and Mrs. Victor Frossard and Mrs. Roy Michel of Schaffer, Mr. and Mrs. Stanley Mazur of Perronville, Mrs. Ada Charbonneau, Mr. and Mrs. Harold Villeneuve and Mr. and Mrs. Manzer Way, Escanaba, Mr. and Mrs. Charles LaCasse, Soo Hill, and the Byron Fords of Groos.

Women's Activities

Children's wear designers don't miss a trick these days when it comes to adapting mom's favorite fashions for the young fry. When mom receives evening guests in a long fireside skirt, her daughter can come (left) to kiss dad goodnight in a charming at-home dress of black and white provincial print with a red and white bodice-effect

top in practical pinwaile. Chimney-red wide wale and fleece pinwaile (center) in ruffled and ribboned at-home dress has its own matching kerchief. These are by Roanna Togs. Greta Plattery calls this design (right) "apres anything."

Homemakers Are Told How Meat Makes Might

EAST LANSING — "There's no such thing as a tough piece of meat. We speak of meat only as 'tender' and 'less tender.'"

"Cutting meat is like going to town. If you're going to have fun doing it, you have to know where the joints are."

So quipped svelte, smooth talking Monte Flett before a Farmers' Week audience at Michigan State University. But in between quips, Flett, merchandising director of the National Livestock and Meat Board, filled homemakers' heads with a lot of information about meat.

On stage with Flett in a program called "Of Meat and Might" was a live steer marked off into retail cuts by masking tape. Flett—in tuxedo—carved up a side of beef. As he did so, he told homemakers about the cost of meat and the best ways to use different meat cuts.

He pointed out, for example, that the rib eye area of beef provides good economy steaks. The bone, he said, can be separated out for soup.

He also suggested new ways to prepare familiar cuts—such as making flank steak fillets by rolling flank steak, skewering it together and slicing it. It's good braised or as Swiss steak, he said.

The program also featured

of athletics at MSU; Charlie Migyanka, captain of the 1964 Spartan football team, and gymnast Janice Richter, an MSU freshman from Chicago.

While Miss Richter gave a demonstration in free exercise, Mikles pointed out the necessity for women to maintain good eating habits and a pattern of exercise in order to keep ahead of their three main physical fitness problems: figure, complexion and muscle tone and firmness.

Mikles and Migyanka discussed the necessity of a good diet for the athlete in training. But the audience learned that even though Migyanka is not now in training and is responsible for his own meals—he still eats a diet similar to the one he consumed at the training table.

Pre-Lenten Party At St. Patrick's

A pre-Lenten dessert card party will be sponsored by women of St. Patrick's parish Thursday, Feb. 11, at 8 p. m. in the parish hall. Players may select their own games and a high score award will be given at each table. Special prizes also will be awarded. A general invitation is extended to the men as well as the ladies to attend and enjoy an evening of cards.

The Baltic is the world's least briny sea.

In The Swim For Resort '65

By HELEN HENNESSY
Newspaper Enterprise Women's
Editor

NEW YORK — (NEA) — Precious little stands between a girl in a swimsuit and her public. But in no past season have designers handled that little with so much imagination. The sky is the limit as long as it's sunny for the 1965 resort season at the beach.

First there are the suits to be "seen" in. These have passed their swimming tests, but there's no doubt they will more frequently dot the sand.

One has a peek-a-boo black lace top, strategically jeweled, and sleek jersey pants. Then there is a group of black lace discos, frankly inspired by the discotheque dress. These suits can be bikinis or one-pieces

joined by a midriff of transparent black Lycra lace.

Opposite to the great exposure is proof positive that the sexy swimsuit doesn't have to be bare. One such suit is a one-piece body-shaping number in glowing platinum jersey — for the girl who has everything.

Then there is the suit that doesn't hesitate to take the plunge. In weightless quilted nylon, it's cut bare and spare with a back that simply isn't there and a front that can make up its mind about how far to go by the flick of a zipper. Another with all the same attributes is in matte jersey and a white bow under the chin has been added for a disconcerting note of demureness.

The soft, refined fashion message for spring and summer has been translated for the beach in one-piece, screen-printed jersey suits with matching beach shifts. Color combinations are as bright as jewels — green with pink, blue opal with gold and orange with water blues.

This year, too, the two-piece suit and the bikini are having their season in the sun. But when you buy, remember that these demand a nearly perfect figure.

You can swim covered up or barely there this season. The choice is yours. If you bear in mind that a swimsuit should flatter your figure, you will have no trouble finding the one to do the job for you.

Homemaking Tips

The wings of a roast duck do not make an adequate serving portion. If you don't serve them, let them enrich a poultry or meat stock.

When you need to pound steak or chicken breasts extremely thin, put the meat or poultry between sheets of wax paper and use a meat mallet.

You might like to keep a jar of tarragon-flavored mustard on hand to add to olive oil and wine vinegar dressing for salad.

IT'S A FACT!

Women's Activities

PTA Founders' Day Program Feb. 17

The annual P. T. A. Founders' Day program will be presented Wednesday, Feb. 17, at 7:30 p. m. at the Escanaba Area High School.

Speaker of the evening will be Dr. Edgar Harden, president of Northern Michigan University, Marquette. Dr. Harden has a distinguished background in the field of education as a former teacher, high school principal and university dean.

He is a graduate of the State College of Iowa and received his master's degree from the State University of Iowa and his doctor's degree from Wayne State University. He began his teaching career in Iowa, served as principals of high schools in Iowa and Illinois and came to Michigan in 1945 as principal of Battle Creek High School. In 1946 he joined Michigan State University as associate professor in the Institute of Counseling Testing and Guidance.

Civic Leader
Dr. Harden is very active in civic and business affairs and has received distinguished alumni awards from Wayne State University, Michigan State University and Iowa State College. He has written many articles on education and guidance. Northern has grown steadily in enrollment, faculty, curricula and physical plant during his administration.

Musical entertainment will be provided by an elementary school vocal group under the direction of Mrs. M. H. Garrard Jr. and Mrs. John Broker. The Escanaba Area Senior High String Ensemble will be under the direction of Mrs. George Embs.

Committees
General program chairman of the event is Robert Haack. The various area schools participating and their chairmen are as follows: publicity, Ford River, chairman, Mrs. Tom Brayak; social, Pine Ridge, Mrs. Glenn Ahlin, chairman; Lemmer, Mrs. Alfred Gosas, chairman; Wells, Mrs. Leo Neubauer, chairman; hospitality, Jefferson, Mrs. Arthur Dahlin, chairman; Founders' Day gift, Washington, Mrs. Fred Van Effen, chairman; school count or registration, Soo Hill, Mrs. Stanley H. Johnson, chairman.

Distinguished service awards will be presented to three persons of the Area.

It is to be noted that the general public is invited to this program, as well as all P. T. A. members. A special invitation is extended to persons outside the area.

Births

DAHLVIK — Mr. and Mrs. Leonard Dahlvik of Jacksonville, Fla., are the parents of a daughter, Debra, born Feb. 9. The new member of the family, who has one sister, weighed 7 pounds and 15 ounces. Mrs. Dahlvik is the former Vicki DeGrand, daughter of Mr. and Mrs. Ed DeGrand, 1810 1st Ave. S. Mr. and Mrs. Everett Dahlvik, 609 S. 15th St., are the paternal grandparents.

Rapid River

Bake Sale

St. Charles Borromeo Rosary Altar Society will sponsor a bake sale at Ray's Market Saturday, Feb. 13, beginning at noon. Mrs. Lee Boyer is chairman.

St. Martin's Aid

St. Martin's Ladies Aid will meet Thursday, Feb. 11, at 2 p.m. at Mrs. Loyal Sigfrids' home in Stonington.

Rapid River 4-H

Rapid River 4-H girls are busy finishing their clothing and knitting projects for the Delta County Achievement Day Saturday, April 3. Leaders are Mrs. Benjamin Viaw, Mrs. Robert Martin and Mrs. Forest Pike.

Turnabout Dance

Rapid River senior class will sponsor a record dance Saturday, Feb. 13, at 8 p.m. in the multi-purpose room of Bay de Noc Elementary School. The dance will be a turnabout affair with the girls asking the boys for dates.

Junior High Team

Rapid River 7th and 8th grade basketball team has 13 members of its squad. Tim Callahan, Charles Dillon, Don Dominick, Bob Gibbons, David Holmgren, Charles Larsen, Dale Morin, Dale Passi, Dan Safford, Klint Safford, Terry Schram, Kerry Sundberg and Mike Rasmussen. The team's league standing is 4 wins and no losses. Teams participating in the league are Nahma, Garden, Cooks and Rapid River. Bernard Olson is coach.

"IF IT'S NEW,
WE HAVE IT"

County To Pay State \$2,107 Marine Error

By DAVE ANDREWS

Delta County will have to re-pay \$2,107 to the State of Michigan for using state appropriated marine law enforcement funds for general law enforcement, William A. Wittenburg, state director of audits, said Tuesday.

The misuse took place in the years 1958-1964, inclusive, he said.

"There is no question that these funds have been used for general law enforcement when they should have been restricted to marine law enforcement," he said. "General law enforcement is fine, but not with marine funds."

"And marine law enforcement certainly does not include driving up and down the highway on traffic patrol."

Sheriff Responsible

Wittenburg, of Lansing, made the statements Tuesday afternoon after huddling in closed session for 90 minutes with Delta County Sheriff Clarence (Cully) Johnson, Prosecuting Attorney Nicholas Chapekis and Board of Supervisors Chairman Charles Sedenquist.

Wittenburg said that the errors made in Delta County were "mainly because of lack of information" on the program.

He said that records for the past two years here "have been fairly good."

The county sheriff is responsible for administering the marine law enforcement program and funds.

Chapekis said he would like to "look at the settlement a little bit more," before making a recommendation to the County Board at its April meeting.

"I feel we are obligated to the state," he said, "but any action will have to come from the Board of Supervisors."

He indicated that repayment money would probably come out of the sheriff's budget or the county general fund.

Complaint Filed

Wittenburg said there was no "deadline" for repayment but he expects the county "to consider the matter promptly." He said no criminal charges are contemplated and emphasized that no "shortages" of funds were uncovered.

The inquiry apparently began last summer after an individual in Delta County, whose name was not disclosed, filed a complaint. Wittenburg said the errors "probably" would have been discovered anyway, but because of personnel shortages the Michigan Auditor General's office cannot examine a county every year.

The state marine law enforcement program was launched in 1958 and Delta County participated — receiving matching funds from the state — from 1958 through 1964.

From 1958 through 1962 the program was administered by the State Waterways Commission. In 1963, the State Boating Control Committee took over program responsibilities.

Program Abolished

During initial years, funds were provided by the state on a 50-50 basis. Recently, the state has paid for the program on a 2-1 basis.

Delta County participation was junked by unanimous vote of the Board of Supervisors at its November, 1964, meeting.

Chapekis recommended that the county "get back into" the program.

"We have learned a great deal about marine law enforcement recently," he said. "If we do get back into the program, however, I would advise that a complete log on deputies' hours be kept by the sheriff."

Mrs. J. R. Lowell Dies Suddenly

Mrs. Alice E. Lowell, 74, 524 S. 12th St., wife of James R. Lowell, long-time member of the news staff of the Escanaba Daily Press, died at 5:50 a. m. today at St. Francis Hospital, where she was admitted last evening after suffering a stroke.

Mrs. Lowell was born, Alice E. Ford, in Wausau, Wis. June 23, 1890. She attended Marathon County Normal two years and was a graduate of Milwaukee County Hospital Nursing School. Her marriage to Mr. Lowell took place Sept. 1, 1931, in Freeport, Ill.

She had lived in Escanaba the past 15 years and formerly resided in Manistique where Mr. Lowell was manager of the Manistique office of the Daily Press for a number of years.

Active in Eastern Star and Masonic circles, she was a past matron of R. C. Hatheway Chapter 49, Order of the Eastern Star, a past president of Escanaba Commandery 47 Auxiliary and a member of the White Shrine. She also was a member of the Cloverland Post 82, American Legion Auxiliary.

Surviving, besides her husband, are two sisters, Mrs. Mae McCoy and Miss Gladys Ford of Manistique, and a half brother, Joseph Ford of West Allis, Wis.

The body was taken to the Anderson Funeral Home. Services are planned, tentatively, for Friday.

Illness Is Fatal To Mrs. Erickson Of Bark River

Mrs. Lydia Erickson, 73, of Bark River, died at St. Francis Hospital Tuesday at 5 p. m. after a one day illness.

She was born in Escanaba June 5, 1891, and spent the greater part of her life in Escanaba and Bark River. She was a member of Bark River Methodist Church and of the Woman's Society of Christian Service.

Besides her husband, Oscar, she is survived by one son, Arthur Fournier, Bark River; four daughters, Mrs. Milton (Marian) Zastrow, Escanaba; Mrs. Jerome (LaVergne) DeLoria, Escanaba; Mrs. Leslie (Armine) Sundquist, Bark River; and Mrs. Peter Wirth, Escanaba; three brothers, Arthur Nelson, Bark River, Alvin, Marquette, and Thorval, Racine.

The body was taken to the Boyle Funeral Chapel, Bark River, where friends may call from 2 to 9:30 p. m. Thursday. Services will be held Friday at 2 p. m. at Bark River Methodist Church. The Rev. J. Bruce Brown will officiate. Burial will be in Bark River Cemetery. The body will be removed to the church Friday at noon.

Births

DeKEYSER — Mr. and Mrs. Gene F. DeKeyser of Rock welcomed their first child today, Feb. 10, a daughter, weighing 6 pounds and 13 ounces, born at 6:27 a. m. at St. Francis Hospital. The baby's name is Pamela Jean. Mrs. DeKeyser is the former Joan Andreski.

THEY ARE TWINS, but the birthdays of Dougie (left) and Debbie Schnees of Delaware, Ohio, are 48 days apart. Dougie was born Jan. 28 but Debbie won't be 10 until March 17. The births in 1955 attracted wide attention because only about 200 such separate twin births have been recorded in the past 150 years. (AP Wirephoto)

Wood Industry, Tourism Aid Is Offered To U.P.

By JEAN WORTH

CHEBOYGAN — Michigan's Cooperative Extension Service, which has been active for years in providing informal, out-of-school educational programs in five fields, asked a group of civic leaders here Tuesday if it should venture into three more.

The meeting, conducted by Noel P. (Pat) Ralston, MSU director of Cooperative Extension, was informal and did not ask a decision or expression of reaction, but the consensus appeared to be that Michigan State University should move to aid Northern Michigan with services to develop tourism-recreation, wood industries and total resources.

The Extension Service now is active in agriculture, family-living (home economics), 4-H Club work for youth, marketing and community resource development.

The extension of the university's aid to tourist businesses, forest and forest industry owners and areas would call for some restructuring of Extension services as well as of addition of several new specialists to the Extension staff.

Trend Lauded

The meeting brought stress on the need to preserve Northern Michigan resources as well as to develop them if their economic potential is to be realized. Water pollution from septic tanks has already destroyed fish life in many Lower Michigan streams and lakes and threatens Northern Michigan with similar loss with eventual settlement. Scenic erosion is another peril to the area's recreation development.

Les Biederman, TV executive, noted report that former MSU short course students now make Michigan policy in farming and livestock industry and that the professionals in these fields work for them. He said he was glad MSU was turning to development of Michigan resources and "not spending \$96,000 to train a doctor for New Jersey. It's the first time I've seen MSU be this sensible."

Mothers March Date Feb. 16

BARK RIVER — At the Rheumau-Knauf American Legion Auxiliary meeting held Monday evening in the Community Hall plans were made to have the Mother's March of Dimes on Tuesday, Feb. 16, with president of the Auxiliary, Mrs. Albert Olson, as chairman. Assisting her will be Mesdames Philip Norman, Hector Larson, John D. Krause, Joseph Langlois, Leo Knauf, Leslie Sundquist, Robert Robinson and Ray Meyers.

The Auxiliary will serve lunch at the Fourth of July celebration which the Legion is sponsoring. A donation was made to CARE. The Legion birthday party will be held on the next meeting date, March 8. Mrs. Donald VanEnkevort was the guest prize. Mrs. Olson reported on the Upper Peninsula district convention which she attended at Munising, Jan. 22-24.

Briefly Told

All city-operated skiing and skating facilities will be closed until further notice.

The Escanaba Trades and Labor Council school scheduled for 7:30 p. m. today at Carpenter's Hall has been cancelled because of bad weather conditions. The school will resume next week.

The Michigan United Conservation Clubs sponsored statewide Legislative Conference will be held Sunday, Feb. 14 at the Jack Tar Hotel, Lansing, at 2 p. m. Last year, 19 state-wide organizations besides MUCC participated.

Kathy Kreeger, 4, of 2006 S. 6th Ave., was bitten by a stray dog at the Lemmer School Tuesday afternoon, it was reported to police. The dog appeared to be sick and attempted to bite the police when they caught it. The dog is at the pound and will be confined for 10 days for rabies observation.

NONCONFORMIST HEN

FOGGIA, Italy (AP)—There's a nonconformist hen at the Alberona chicken farm. She often lays two eggs a day — and they're always pale green. Operators of the farm say they can't explain the green-color shells. The hen eats the same food the other chickens get.

School Board Orders Outside Lights At H.S.

The Escanaba Area Board of Education agreed Tuesday to embark on a program of educational enlightenment — on its school buildings.

Voicing concern over dimly lit areas at the rear of the high school, the board authorized Supt. Luther M. Barrett to have outside lights installed.

Also authorized were inquiries to the City of Escanaba about having the city add street lights to 3rd and 5th Ave. S., in the vicinity of the school.

Concern also was expressed over poor lighting at night on 23rd St. and the dangerous crossing conditions after basketball games.

Traffic Hazard

Flasher lights have been installed in the area by the State Highway Dept., but have not been operating after school hours. The Board asked that the flashers, which can be regulated from the high school, be used to warn motorists of heavy pedestrian traffic after basketball games.

In an otherwise routine session at the School Administration Building, the Board also agreed to meet with the Escanaba City Council and the Holy Name Board of Education to discuss problems of "mutual concern."

No dates for either meeting were set.

Tentative approval of a proposal by the Escanaba Lions Club and John Pearson to stage a "Home Show" in the high school commons area during the school's Easter vacation was given.

Don Goulais, president of the Lions Club, said the club is considering the possibility of co-sponsoring such a show with Pearson and that he had been authorized to begin looking for a place to hold the show.

State Policy

In response to letters from James DeLaire, secretary of Harnischfeger Local 632, and from the Educational Committee.

in the annual Gladstone Winter Carnival scheduled for Saturday and Sunday continued today, despite soggy weather which has all but wiped out most of the area's winter recreation facilities.

Supt. of Schools Wallace Cameron announced that Linda Houghton, Janet Quinn and Beth Young have advanced as finalists in the school's Queen Contest.

They were selected from a field of seven girls selected by the high school student body. Judging was on basis of skating and skiing ability, poise and personality.

Other candidates were Carmen Apelgren, Jo Maniaci, Ann Rodman and Barbara Vandaele.

The Queen will be crowned at a Winter Carnival dance Saturday night at the high school.

The dance will follow speed skating races sponsored by August Mattson Post of the American Legion if conditions permit.

Ski competition sponsored by the Gladstone Ski Club will be held Sunday afternoon at the Gladstone Ski Park, again if conditions permit.

Weather Mars Carnival Plan

GLADSTONE — Plans for the annual Gladstone Winter Carnival scheduled for Saturday and Sunday continued today, despite soggy weather which has all but wiped out most of the area's winter recreation facilities.

Supt. of Schools Wallace Cameron announced that Linda Houghton, Janet Quinn and Beth Young have advanced as finalists in the school's Queen Contest.

They were selected from a field of seven girls selected by the high school student body. Judging was on basis of skating and skiing ability, poise and personality.

Other candidates were Carmen Apelgren, Jo Maniaci, Ann Rodman and Barbara Vandaele.

The Queen will be crowned at a Winter Carnival dance Saturday night at the high school.

The dance will follow speed skating races sponsored by August Mattson Post of the American Legion if conditions permit.

Ski competition sponsored by the Gladstone Ski Club will be held Sunday afternoon at the Gladstone Ski Park, again if conditions permit.

Mrs. Raffaelli Dies In Texas; Services Here

Mrs. Floyd Raffaelli, 37, of 1804 10th Ave. S. died this morning at St. Luke's Hospital, Houston, Tex., where she had been a patient ten days.

She was born Sept. 22, 1927, in Hancock and her marriage took place at St. Joseph's Church there Oct. 23, 1948. She had been a bookkeeper for Phoenix Lumber Co. the past five years.

Surviving are her husband, her parents, Mr. and Mrs. Isaac S. Tieve, Hancock, one sister, Mrs. Arnold Laitinen, Ripley, Mich.

She was a member of St. Anne's Church and the Third Order of St. Francis.

The body will be brought here to the Anderson Funeral Home. Arrangements for services are incomplete.

Obituary

MRS. OSINE GARDNER

Funeral services for Mrs. Osine Gardner were held at 9 a. m. today at St. Anne's Church with Father William Richards officiating. Burial was in Holy Cross Cemetery. Honorary pallbearers of the Third Order of St. Francis were Mrs. Joyce Lequia, Mrs. Leonard Anderson, Mrs. Joseph Osier and Mrs. Walter Menard. Active pallbearers were Wayne St. Pierre, Mose Theoret, Thomas LaFleur, Francis and Ralph Chamberland and Leo Gorean.

MRS. ALMA GRENIER

The services for Mrs. Alma Grenier were held at St. Anne's Church at 10 a. m. today. Father Stephen Maynard was celebrant of the Solemn Requiem High Mass. Burial was in Holy Cross Cemetery.

Deceased were Francis, Robert, Michael, Patrick and James Grenier and Robert Nicholas.

MANISTIQUE

CUB SCOUT Michael Martin, 10, of Albany, N.Y., tries in vain to fit Gov. Rockefeller with a Boy Scout uniform cap. The governor was host to Scouts from across the state in an annual event. He was once a Boy Scout himself. (AP Wirephoto)

Paper Mill Has New Director

Melvin G. (Mel) Barker, manager of research and development for Field Enterprises has been added to the board of directors of the Manistique Pulp and Paper Co.

At the annual meeting in Chicago, Russ Stewart was re-elected board chairman. Directors in addition to Stewart and Barker are George B. Young, John F. Cross Jr., Edward I. Farley, Wilbur C. Munnecke, and Frank S. Hoholik.

Frank Hoholik was re-elected president and general manager; John Cross was elected vice president and secretary.

Freedom Denied Billie Sol Estes

WASHINGTON (AP) — Supreme Court Justice Hugo L. Black has refused to order Billie Sol Estes freed on bail from a Texas jail. The action was announced by the Supreme Court clerk Tuesday on word from Florida where the vacationing Black made his decision.

Estes was jailed Jan. 18, the same day the Supreme Court rejected his appeal from federal conviction on conspiracy and mail fraud charges. He had been sentenced to 15 years.

The financier's lawyers petitioned Black to set aside an order by U.S. Dist. Judge R. Ewing Thomason in El Paso rescinding Estes' \$100,000 bond.

In Service

Colonel Leroy G. Russell, son of G. H. Russell, Manistique, has assumed command of the 321st Missile Maintenance Squadron at Grand Forks AFB, N.D.

Colonel Russell served at the Air War College, Maxwell AFB, Ala., prior to his appointment at Grand Forks. The colonel graduated from Negaunee High School, received his B.S. degree and commission upon graduation from the U.S. Military Academy, and served in the European Theater of Operations during World War II.

Social

Circle Meets

Mrs. Ossie Smits and Mrs. Dale Ott entertained members of St. Rita's Circle at the Smits home Monday evening.

Mrs. Emmet McNamara was welcomed as a new member. Prizes in bridge were awarded to Mrs. Alvin Nelson and Mrs. Dell Bruley.

The next meeting will be Monday, March 8 at the home of Mrs. Leonard Harbick.

Homes Ruined; Five Dead And Seven Injured

(Continued from Page 1)

of snow fell in Flagstaff, Ariz.

The U.S. Coast Guard and a traffic helicopter rescued four ice fishermen trapped on ice floes in Lake Erie offshore from Sturgeon Point near Derby, N.Y.

In the West, a storm dropped 4 to 10 inches of snow in the Utah mountains. Light snow fell in western Colorado and Wyoming.

Winds which whipped up to 50 miles per hour caused widespread minor damage in Southern California.

BLIZZARD IN ROME

ROME (AP) — Romans were digging out today from the worst blizzard in 150 years, while paralyzing snowfalls and freezing temperatures are bringing misery to wide areas of Poland, Greece and Turkey.

The storm dumped 10 inches of snow on Rome in 16 hours. The snow turned to shin-deep slush today but with temperatures hovering around the freezing point, the Italian capital was still partially immobilized.

Seven days of snowstorms and cold claimed 30 lives in Turkey. Fourteen persons died in two avalanches in eastern Turkey. One avalanche buried a home occupied by eight persons.

Ankara's international airport has been closed until further notice.

No Snowplows

In Greece, eight persons died in a two-day cold wave that sent temperatures tumbling in the northern part of the country. Heavy snowfalls blocked roads on the Bulgarian and Yugoslav borders.

Blizzards ranged across large areas of central and eastern Poland and snowdrifts up to seven feet blocked rural roads.

Two deaths in Rome were blamed on the weather. One man died of cold in his unheated home and another was stricken on a bus overcrowded because of limited service.

The capital does not have a municipal snowplow because snow is so rare. The last record for blizzards was set in 1796 and there have been only three snowfalls of note since then — in 1846, 1939 and 1956.

In This Corner

with Ray Crandall

REFS — Fans, coaches and players agree that the three referees who worked the Holy Name-Gladstone basketball game last Friday night turned in an excellent performance of the unique officiating system. . . . Losing coach Bill Wood of the Braves had nothing but praise for the manner in which Dick Pellow, Bruno Marana and Jack Taylor handled their duties. . . . It was the last of four experimental games this season in which Holy Name tried three officials instead of the standard two. . . . Coach John Butrymowicz will evaluate opinionaires which were filled out by coaches, officials and other people who watched those games.

EMERALDS — Coach Gordy LeDuc's Negaunee St. Paul Emeralds maintained their undefeated status in Upper Peninsula cage ranks with a 79-64 decision over Marquette Baraga. . . . Dom Jacobetti and George Torreano teamed up for 54 St. Paul points, including 14 straight free throws by Jacobetti. . . . The victory was St. Paul's 14th straight.

REDMEN — The Marquette Redmen, Stephenson's chief challenger in the Great Lakes Conference race set the stage for their game against the Eagles this weekend when they belted 500, 86-55. . . . With big Paul Albright scoring 26 points and grabbing 16 rebounds, the Redmen ran their GLC record to 9-2. . . . Before hosting Stephenson Saturday night, the Redmen invade Gladstone Friday.

HORNETS — All five starters reached double figures as the Soo Tech Hornets downed Gogebic College 98-79 at Ironwood. . . . Pat Groleau tossed in 19 points and had 23 rebounds as Coach Jack Brighton's quint ran its record to 15-2 for the season. . . . The setback snapped a six game victory string for Gogebic. . . . Craig Farrell scored 20 points to lead the losers.

RANGERS — The Marquette Iron Rangers spilled the Copper Country All-Stars, 9-3, before a crowd of 1,100 fans in an exhibition hockey contest Sunday. . . . The Rangers return to United States Hockey League warfare this weekend, hosting the front running St. Paul Steers. . . . In a unique switch of roles, business manager J. Allen Russell put on a uniform to perform in the goal for the Rangers against the Copper Country crew.

COMETS — When the Trenary Comets went into orbit with their 130-50 victory over Nahma last week it marked the second highest team total ever registered in Upper Peninsula high school basketball circles. . . . The all time high was 141 points tallied by Trout Creek in a game against Amasa in 1960.

GRAPPLERS — Coach Ray Mariucci's Kingsford High School wrestling team edged Ewen by a 29-28 margin in a dual meet, winning on the final match of the program when Frank Derouin decisively won a 10-0 decision. . . . The Iron Mountain prep grapplers traveled to Pulaski for a recent match and bowed 31-23.

RALLY — Ontonagon rallied from an early 15-2 deficit, tied the score at 46-46 on a field goal by Bill Marks in the final seconds of regulation time and tipped La-Anse 54-53 in a Copper Country Conference thriller. . . . The victory gave Ontonagon sole possession of second place behind unbeaten Hancock in the conference race.

PANTHERS — Dave Vertanen was one of four Chassell Panthers in double figures in a 92-58 Mid-Peninsula Conference triumph over National Mine. . . . The former Rock Little Giant standout tallied 21 points while Jack Kujansuu and Dennis Hietala jammed in 28 apiece.

FORESTER — Gary Blomquist, classy Felch eager, rang up 37 points to lead the Foresters to a 76-49 decision over Republic. . . . Blomquist is averaging over 30 points per game for Coach Carl Lemm's Felch quint this season.

CHARITY — Basketball coaches are certainly aware of the importance of the free throw in today's style of play. . . . It was pointed out again this week when Amasa decided Watersmeet by a 60-56 margin. . . . Amasa was outscored by eight field goals, 23 to 16, but pumped in 30 gift shots to make up for it. . . . Gerry Hautala scored 14 of those free throws and added five field goals for 24 points to lead the Hematites.

PROOF — If that isn't proof enough for the value of the free throw, take Iron River's 64-62 victory over Norway in the Menominee Range Conference. . . . The margin came on a pair of gift shots by Dick Wales in the final seconds of the game. . . . Coach Vic Fochesato's Norway Knights outscored the Redskins by two field goals, 26 to 24, but Iron River put 16 of 21 free throws through the nets for the victory margin. . . . Norway was able to hit on only 10 of 24 from the line.

No Sweat, Says Ford

NEW YORK (AP) — This will come as a great shock to Al Lopez. Whitey Ford is worried about his left hand being too dry.

When Ford pitches against Al's Chicago White Sox, Lopez often claims the New York Yankee left-hander has too much moisture on that left hand. In fact, Lopez comes right out in the open and says Whitey is throwing a spitball.

Ford said Tuesday, when he signed his \$60,000 contract, tops in his career, that he no longer perspired on the left side of his upper body after undergoing surgery last November.

"My legs sweat but not my forehead, hand, arm or body on the left side," said Ford. "I have small hands, I do really have to have a little moisture on the hand."

He shrugged his shoulders and smiled.

"I guess I'll have to rub my hands together or something."

Ford went to Houston in November for an operation to remove an arterial blockage in his left forearm. The ace southpaw said he had no feeling in the arm after pitching the opening game of the World Series in St. Louis.

"I noticed it that night in the library of the Chase Hotel,"

Menominee Halts Stephenson String

STEPHENSON — The Menominee Maroons ambushed the Great Lakes Conference leaders here Tuesday night, tripping up the Stephenson Eagles 53-46.

The setback snapped Stephenson's seven game victory string and handed Coach Guss Lord's Eagles their first home court defeat of the campaign.

Stephenson is 9-2 overall for the season, entering Saturday night's key conference contest at Marquette.

It marked the second time this season that the Maroons had waylaid the Eagles. In their first meeting of the teams on Dec. 11, Menominee won by a 51-42 margin.

Menominee came from far back in the field to catch the Eagles in the fourth quarter. Stephenson led 17-15 at the end of the first frame, 24-23 at the half and 42-35 entering the finale.

With seven minutes to go in the contest, Stephenson had a seven point lead at 44-37.

But from there out it was all Menominee. The Maroons scored 14 straight points to move out in front 51-44 with 1:46 remaining. The Eagles were never able to recover.

Pacing the Menominee scoring surge were Jim Eucke with six points, Jack Nicholas and Pat Miller with four each.

Eucke, junior pivotman, took individual scoring honors for the night with 18 points, while Nicholas hit 13 and Miller, a freshman, added 12.

Dave Bush led the Eagles with 13 points and Jerry Hittman added 10.

Stephenson was outscored 18-4 in the decisive fourth quarter. The cold Eagles were able to hit on only one of seven shots from the field in the

eight minutes of action.

For the game, Stephenson tallied 19 field goals and added 8 of 9 from the foul line. Menominee hit 22 from the field and 9 of 17 from the line.

Menominee also won the lay-vee game, 59-52.

Date Is Set For District Tourney Draw

Drawings for the Class C district basketball tournament which will be staged at the Escanaba High School gym will be made Tuesday, Feb. 23, at 9:30 a. m. at the school auditorium.

Harold Johnson, EHS athletic director and tournament manager, will conduct the drawings.

The tournament will be played over three nights—March 3, 4 and 6, at the Escanaba gym.

Competing teams will be Stephenson, Norway, Marquette Baraga and Gwinn. The winner will advance to the Upper Peninsula regional tournament the following week at Northern Michigan University in Marquette.

Larry's Texaco Is Cage Winner

Larry's Texaco independent basketball team defeated the Wildwood Five of Hermansville by an 82-71 margin.

Wally Schultz paced Larry's with 29 points and was matched by Joe Arnold for the losers.

Wolves Set New Record

CARNEY — The Carney Wolves set an all time school rebounding record here Tuesday night while defeating Perkins 97-49.

Coach Bob Kuntze's cagers snared 80 rebounds, the most in a single game in the history of the school. The Wolves have been averaging 50 rebounds a game this season.

Cliff Perras set the pace by hauling down 28 rebounds, also a new individual record, and pumped in 28 points. He out-rebounded the entire Perkins team which had only 27 for the game.

Reserves saw extensive action for Carney and Ernie Haight led the subs with 15 points.

Dick LaChance topped the Perkins scoring column with 24.

Carney won the jayvee game, 55-42.

Jack Martin wrecked North Carolina State's 11-game winning streak with 32 points last week.

The Duke junior from Farrell, Pa., did it again Tuesday as he led the sixth-ranked Blue Devils to a 78-67 overtime triumph over the Wolfpack in the top college basketball game of the night.

This time Martin threw in 27 points, including two baskets on a tap-in and layup that put Duke ahead for good in the overtime at 71-67. It was the sixth straight victory for the Blue Devils, who had a tougher time overcoming the Wolfpack on their home court than they did in their 84-74 triumph on State's court a week ago.

Nebaska came through with a road upset over Kansas State 62-57 in the surprise of the night. The Huskers played with only

eight men because of injuries and finished with just six when two of the eight fouled out. Nevertheless, they scored their first road victory of the season and their first over Kansas State at Manhattan, Kan., in 22 years.

Grant Simmons led Nebraska with 18 points before he fouled out. The defeat dimmed K-State's hope of repeating as champions of the Big Eight Conference.

Connecticut won its eighth straight and clinched a tie for the Yankee Conference title by defeating Massachusetts 70-63 at Amherst. Villanova made it six in a row by whipping St. John's of New York 52-43 at the Wildcats' gym on the Philadelphia Main Line.

Rick Barry, the nation's leading scorer, scored 51 points in leading the Miami, Fla., Hurricanes to an easy 141-110 home-

BOYS WILL BE BOYS—Toronto's Jim Papin (bottom) rates the edge in this National Hockey League brawl. When things got rough in a game against Montreal he just clamped a headlock on Claude Larose of the Canadians.

Trenary Trips Little Giants

TRENARY — The Trenary Comets ran their season record to 12-2 and their Central League mark to 10-2 here last night, but not without a stubborn battle from the Rock Little Giants.

Trenary ripped off a 21-9 lead in the first quarter but Rock rallied to narrow the gap to 27-24 at the half and moved out in front by five points midway in the third frame.

A Comet comeback, led by Wayne Lusardi, Gary Flynn and Allan Ruckila, caught the Little Giants in the stretch. They outscored the Rock quint 23-15 in the fourth quarter.

Floor mistakes kept the Comets in trouble through the game. Lusardi and Flynn combined for 37 of the Trenary points while Bob Maki paced Rock with 17. Mike Kulack added 12 before fouling out.

Trenary had an edge of three goals and added 10 of 20 shots from the free throw line. Rock hit on 5 of 10 gift tosses.

Rock won the jayvee game, 49-34.

German Fighter Hangs Up Gloves

STUTTGART, Germany (AP) — Gustav Scholz, the European light heavyweight champion from Germany, has ended his boxing career for health reasons.

The 34-year-old boxer, a veteran of 16 years in the ring, announced his retirement on a television show Tuesday night.

He had been signed to defend his title against Italy's Giulio Rinaldi at Dortmund March 27.

OUR BOARDING HOUSE with Major Hoople OUT OUR WAY

by J. R. Williams

GLADSTONE

Rotary Salutes Scouts, Leaders

When the Gladstone Rotary Club was organized in 1921, it started services to the community which included sponsorship of a Boy Scout Troop in the first year of its life. It has been in this youth program ever since and Monday at the club's luncheon meeting at Gladstone Yacht Club it honored the leaders of its Troop 466 and 6 of its 7 Eagle Scouts.

Presented with Scouting mugs for their contributions to

Events Booked At Yacht Club

The entertainment committee for the Gladstone Yacht Club has announced an active social calendar for the coming year beginning with a skating party at the city rink Saturday evening Feb. 20, followed by refreshments at the club.

Ben Look and Bill Clark are co-chairmen of the committee in charge of entertainment. They were assisted by Jack Shiner, Gus DeHooghe, Cliff D'Arcy and LeRoy Hamilton in planning a special event for each month for members and their guests.

The annual past commodore's pork feed was held Saturday night with a capacity crowd enjoying the roast pig cooked under the supervision of past commodore Leo DeRoock.

Some of the coming events scheduled by the club include a St. Pat's dance; wild game feed and dance during March; a smelt feed with entertainment by the Barbershoppers on April 24; a Mother's Day dance with Italian food on May 8; June bride dance, June 12; the annual Fourth of July celebration; Yacht Club annual picnic in August; a sea food dinner on Oct. 30, and in December a dinner dance on the 11th Children's Christmas party on the 18th, ending the year with a New Year's Eve dance.

Ray Phillips is the new commodore of the Yacht Club.

Scouting is as modern as computers, said Foreman, and he asked if any of the Eagles present had an atomic energy merit badge. One of the Eagles said not only he, but two of his companions had earned such badges with their knowledge of beta particles and isotopes.

The club will hold its ladies night dinner next Monday, President Emerson announced.

MRS. MAE WASHBURN, 1013 Superior Ave., announces the approaching wedding of her daughter, Dianne, to Robert Weber, son of Mrs. Eva Weber, 714 Minneapolis Ave. The marriage will be solemnized at a candle-light service at the Reorganized Church of Jesus Christ of Latter Day Saints, Saturday, March 13, at 7 p. m. The couple are 1962 graduates of Gladstone High School and both are presently employed at Kimberly Clark in Neenah, Wis.

Cub Scout Pack Has 80 Members

Cub Scout Pack 471, with Floyd Swift as their Cubmaster and Charles Borden assistant, has about 80 boys on their membership list as they observe National Boy Scout Week.

All scouts were guests of the Rialto Theatre Monday evening in observance of the occasion. The pack is sponsored by August Mattson Post of the American Legion with William Swenson as institutional representative.

Den mothers include Mrs. Maurice Buchmiller, Mrs. James Grace, Mrs. Norman Demousse, Mrs. Clifford Mineau, Mrs. David Nivison, Mrs. Alex Hess, Mrs. Werner Isaacson, Mrs. H. P. Lyons, Mrs. Elmer Dahn, Mrs. George Lockhart and Mrs. Willard Young. Gene Kee is the Webelos leader.

The annual pack checkers tournament play-off will be held at the Legion Hall at 7 p. m. Feb. 17. Awards will be presented to the winners at the annual Blue and Gold Banquet to be held at All Saints Church basement Feb. 27.

The boys have placed a display of their achievements in Butch's Hardware on Delta Ave.

Briefly Told

Grace Circle of First Lutheran Church will meet at 2:30 p. m. Thursday at Fellowship Hall. Mrs. Harvey Carlson and Mrs. John Martin will be hostesses. Visitors are welcome to attend.

The Evening Circle of the Evangelical Covenant Church will meet at the home of Mrs. Clarence Goodman, 408 S. 7 St. at 8 p. m. Thursday. Miss Elne Swenson and Mrs. Harold Apelgren are in charge of the program.

Fishing Luck Called Spotty

Fishing in the Gladstone area over the past week is best described as spotty with the degree of success varying from fair to poor. Perch fishing shows same-day catches from 0 to 30 fish per angler. Most perch fishermen are using wigglers.

Walleye fishing continues to be slow with a few fish all good size reported each day taken generally in the evening hours on minnows and Swedish Pimples. Sub-legal fish are apparently non-existent with fish of three pounds and up making up the catch.

In the Republic area fishing conditions have been down the past two weeks but there has been a few rainbow taken from Twin Lake, with helgramites being the best bait. Pike fishing should pick up and smelts and live minnows have both been effective baits. The south end of Lake Michigan, near the dam, can produce some nice northerns.

In the Gwinn area rainbow continue to hit very well in late evenings on Johnson Lake with best time being from 6 p. m. to 10 p. m. Corn and meal worms have been preferred baits. A few northern pike are being taken from Millers Lake on smelt. Fish run from 20-25 inches.

In the Munising area fishing activity has been very slow in this area. A few small pike are being taken at the city dock on Lake Superior. Inland lakes have yielded several catches of small perch.

More people get more news from newspapers than from all other sources combined.

Airplane Shoots At Japanese Ship

TOKYO (AP) — An unidentified plane fired on a small Japanese freighter in the Bashi Channel between Formosa and the Philippines on the night of Jan. 31, the Tokyo paper Yomiuri reported.

None of the 26 crewmen aboard the 1,232-ton Senyo Maru, was injured, the paper said. The incident came to light when a seamen's association asked for an investigation.

Snow Equipment Bids Received

Eight firms' bids were received by the City Council Monday night on a proposal to buy new snow removal equipment. The bids have been referred to the manager for tabulation.

During the meeting, Wallace Leggett questioned if 4-wheel drive equipment would be necessary. He was not a bidder.

Leggett has been asked to arrange a demonstration to determine if a rear-wheel drive unit will do the job.

Water Line
Other equipment dealers also will make demonstrations, after it has been determined if 4-wheel or rear-wheel drive equipment is needed. Creation of a sanitary land-fill dump is included in determination of equipment needs, Councilmen noted.

William (Beano) Olesak questioned the advisability of purchasing the equipment when

the city is "still \$43,000 in debt". Councilmen advised the present equipment, 21 years old, had been breaking down and that it has been determined new equipment is needed. The unit has been repaired and is being used.

The Council received a report that installation of 6-inch water pipe on North First, Second, Third and Fourth Streets with hydrants will cost \$12,332.10 for materials. No labor cost was reported. The cost would be \$3917 more if the new lines connected to N. 5th St. lines.

The estimates were to extend the pipe on the streets to one block north of Badger.

An Accelerated Public Works project for both the water and sewer lines will be sought. Fifty per cent matching funds are normally provided. McNamee, Porter and Sealey of Ann Arbor, consulting engineers are to be asked to prepare plans.

An amendment to the appropriation ordinance to provide \$650 more for Civil Defense and \$541.70 for chargebacks was approved. Another will be introduced later when it has been determined what cost of converting the Fifth St. garage to a public safety department totaled.

Briefly Told

Thompson Community Club meets Thursday at 8 p. m. at the school.

Manistique Post 83 of the American Legion meets Thursday at 7:30 p. m. in the Harbor Inn. Lunch will be served.

The numbers to call for the March of Dimes pledges in Manistique are 341-2536 or 341-2178 beginning 11 p. m., Feb. 13 to 5 p. m. Feb. 14.

The Ronald Hoholik car, stolen last weekend, has been recovered at St. Ignace. It had not been determined Tuesday whether it had been damaged.

Public Safety officers are investigating the theft of a battery from a parked car owned by Donald Bonifield, 107 River St., on the weekend. The car was parked in back of the apartment residences.

Taken to Schoolcraft Memorial Hospital by ambulance were Mrs. Jeannette Charrier, 517 Arbutus, at 3:05 p. m., Monday and Mrs. Henry Gagnon, 209 N. 2nd St., at 5:50 a. m., Tuesday.

The Inland Lime and Stone Co. ambulance, used to transport Robert Thorell to Schoolcraft Memorial Hospital skidded and rolled on County Road 432, at 9 a. m., Monday, State Police report. The ambulance was driven by John W. Reid, 43, of Manistique.

Student nurses of St. Luke's Hospital, Marquette, are scheduled to open the March of Dimes Telethon Feb. 13 at 11 p. m. Appearing on the program from this area are Marilyn Faulkner, Donna Vincent and Gail Frenier.

Social

Study Club
Mrs. Jack Orr will present the review for members of the Study Club Monday evening at 8:30 at the home of Mrs. Charles Atwater with Mrs. Matt Stram as the assistant hostess.

1. Card of Thanks

Leisner

We wish to express our heartfelt thanks to the many friends, neighbors and relatives who by their acts of kindness in the recent illness and death of our wife and mother, Mrs. Gladys Leisner, helped to lighten our burden of sorrow. Especially do we thank the Rev. Carl Hammer for his comforting words, those who donated food and the many friends who sent spiritual and floral bouquets. We thank you all.

The Family of Harry Leisner

County Has 1964 Balance

Schoolcraft County completed the year 1964 with a balance of \$31,811.82, with \$25,000 of this invested for interest growth in savings certificates of deposit.

The county treasurer's report to the Board of Supervisors Tuesday showed total receipts of \$224,123.46. The year began with a balance of \$5,769.07. Disbursements in the year totaled \$154,959.25 and transfers, \$106,145.10.

Audits
The board also received a letter from Allison Greene, auditor general advising the state would audit records for 1964.

The county was one of those in which 1963 records were not audited due to personnel insufficiency in the auditor general's office. The audits began Feb. 1.

Reports received included that of the County Extension office, which indicated during the year activities would include follow-up on the tourist potential census; assistance with the Northern Michigan University program for school dropouts; conducting the human resources development program, assistance in utilizing the economic opportunity act, a county-wide timber producers educational conference, assisting the Agricultural council in its drive for Soil Conservation service, and strengthening of the 4-H and Home Extension programs.

Grave Markers
The Schoolcraft Memorial Hospital report showed the facility had been again accredited for three years, that a major expansion for laundry, laboratory and x-ray space was made and that the hospital had 2,143 patients admitted last year. This compared with 2,850 the year before. Average daily census was 40.3. Total receipts were \$448,360.26 and disbursements, \$426,582.28, leaving a balance of \$21,777.98, as compared with \$11,603.17 the preceding year.

Payment of \$143.20 for grave markers purchased by the All-Vets committee for unmarked veterans graves was approved by the county board.

A resolution was adopted supporting a Jaycee proposal for motor vehicle inspection state legislation. The vote was 10-1.

The board concluded its session late Tuesday afternoon. Final business included a report by the city manager on the Public Safety Department. Various reports of commissions and departments were receiving in the day-long session.

Fund Available For Air Terminal
The Michigan Aeronautics Commission has allocated \$15,000 for a terminal building at the Schoolcraft County airport, and surveys for lighting and an Omni station are scheduled, the County board was advised Tuesday.

William C. Hamelin, engineer for the department, was here to discuss plans for the airport, which now has a paved east-west runway. Additional land also was acquired in the project.

The omni station is scheduled to be on the air, guiding pilots, by Aug. 1, 1965. Construction will begin in late spring or early summer.

Surveys to determine location of controls are to be made in the next 30 days.

The \$15,000 allocation to be matched by the county will be available until June 30, 1965. The board indicated it will ask its committee for the airport for a recommendation. One board member indicated it had been hoped the county could have a project similar to Delta's Project Pride, with local persons contributing materials and labor to help. The board approved a supplemental agreement with the airport operator. Subject to approval of the prosecuting attorney, the board also approved an agreement with the

Lawyers Accused Of Balk On Compensation Reform

LANSING — Reform of some of Michigan's workmen's compensation law is being opposed by a handful of lawyers who are getting rich under the system, an attorney for a leading insurance company has told Gov. Romney.

The charge was made in a letter to the governor by F. S. Warner, assistant general counsel for the Auto-Owners Insurance Co., of Lansing.

He criticized the workmen's compensation system, recommended changes to improve it and told Romney:

"It is a fact and well known to the Michigan Workmen's Compensation Department that a handful of plaintiffs' lawyers have grown rich in the past few years from workmen's compensation fees."

Job Injuries

"It is not difficult to understand then," Warner said, "why these lawyers do not want parts of the law — notably sections that authorize lump sum settlements — changed."

Workmen's compensation is money paid by an employer or his insurance company to workers injured on the job.

Warner, whose background includes supervision of workmen's compensation claims in Michigan and other states, said it is his "educated guess" that a few lawyers specializing in such cases "have each earned around a half million dollars in fees in 1963."

However, figures obtained by the Detroit News indicate that his estimate is high.

Warner did not name any of the lawyers he said are opposing changes in the compensation law. One of his suggestions is that the state furnish free lawyers for workers in compensation cases.

Romney has appointed a committee to study reforms in Michigan's workmen's compensation laws, which he has called "some of the worst in the nation." He has promised to work for changes next year.

Compensation benefits are expected to be increased by this year's Democratic-controlled Legislature, and with Romney's blessing. The insurance industry will not oppose the increase, Warner said.

But Warner told Romney he feels "certain fundamental facts" are being overlooked in studies of the compensation program.

He said something should be done to encourage quick physical rehabilitation of injured workers so they can again earn a living. Working against such an idea, Warner said, is a technique known as "redemptions."

Redemptions are lump sum settlements agreed upon by the employer and the lawyer for the injured worker. They save the trouble of fighting out a claim before an examiner and the possibility of a rehearing before the appeal board.

Different Fees

Lawyers for injured workers generally take 20 per cent of a redemption as their fee and 25 per cent of any settlement. That must be reached through the hearing procedure, sources said.

Warner sees the redemption technique as an evil that in many cases discourages the quick rehabilitation of an injury victim. Often the injured person prefers to avoid returning to work until his case is settled to substantiate his injury claim, he charged.

Figures obtained from official state records by the Detroit News show that 735 law firms and lawyers handled workmen's compensation claims in 1964 and a similar number were involved in 1963.

The same records indicate that 10 firms handled 38 per cent of all the cases and took in a total \$1,268,924 as their fees in redemption cases in part of 1964.

Weldon O. Yeager, state di-

rector of workmen's compensation, says he is opposed to redemptions in most cases, but said that because of a tremendous backlog of cases his department welcomes this means of settlement as a time-saver.

The department has 9,000 cases piled up awaiting hearing. The wait runs from a year to 18 months. An appeal takes another six months to a year, and to carry the matter further by going into court adds still one more year, at least.

Injury victims either must negotiate a quick settlement of their claim through a redemption or "suffer in the interim," Yeager said.

Eighty per cent of the cases are paid without a contest, Yeager says. Of the remainder, half are solved by negotiating a redemption, he said.

An average 30,000 workmen's compensation claims are filed each year in Michigan.

Peak Gone Past For Communism, Speaker Says

NEW DELHI, India (AP) — An American businessman said Tuesday the high water mark of communism as an economic philosophy is past in the Soviet Union and throughout the world.

He is Arthur K. Watson, senior vice president of International Business Machines Corp. He characterized Soviet communism as a weird dilution of a basically unworkable system.

Watson spoke to a meeting of the International Chamber of Commerce.

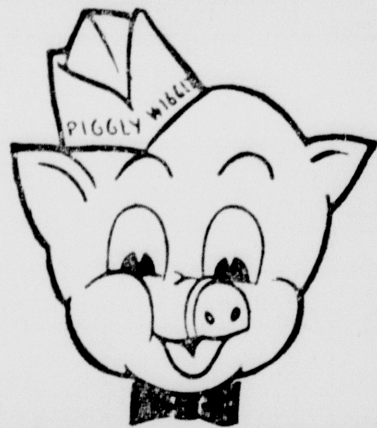

Crops Ruined By Fiji Floods

SUVA, Fiji (AP) — Fiji is grappling with widespread floods after a hurricane which devastated villages and flattened copra and banana plantations.

The floods followed a torrential rain. In one area near Suva, the rain measured 31 inches in 24 hours.

An unknown number of persons have been swept away in the raging torrent of the River Rewa, largest river in Fiji.
